Discovery . . .
 A New Dawn . . .
 Unexplored Horizons . . .

Discovery Shines Through Life People

Realization, appreciation . . . perhaps of a friendship based on trust, respect, and love . . . A fresh zeal for living, for loving, for sharing . . . A new love of mankind, a unique understanding . . . Discovery is this and more . . . it's a total experience.

Self-satisfaction . . . a challenge is met . . . hidden talent emerges . . . the willingness to put one's ideas into effect to better the world . . . all result in self-satisfaction. An attitude of sound determination to put forth great potential . . . a churning of wheels in the mind . . . wheels which will produce the answers that have wrinkled man's brow for all of time.

Discovery is finding beauty in the glory of God's majesty, expressed by early morning sunrise. A new day dawns . . . the door of opportunity is open to us . . . to grow spiritually, academically and physically . . . and at our feet, the opportunity to conquer all.

Zeal for living, for loving, for sharing . . . a new love of mankind, a unique understanding . . . Discovery is all this and more to C.M.H.S. students. It's a total experience!

Marcy, the greatest
 to all. Good luck in
 the future at college

Faculty Aids Students in their Quest for Discovery.

From their hours of study and years of experience, from their willingness to build a more God-like guide-line for the not too distant future adult world, the faculty prepares us to make our own decisions—to realize—to discover! The Cardinal Mindszenty High School faculty exemplifies best . . . enthusiasm, encouragement, and efficiency. These are, to say the least, the characteristics that set the student body to burning coals.

Patience and an open mind . . . two most extraordinary assets . . . possessed by our faculty . . . a united body.

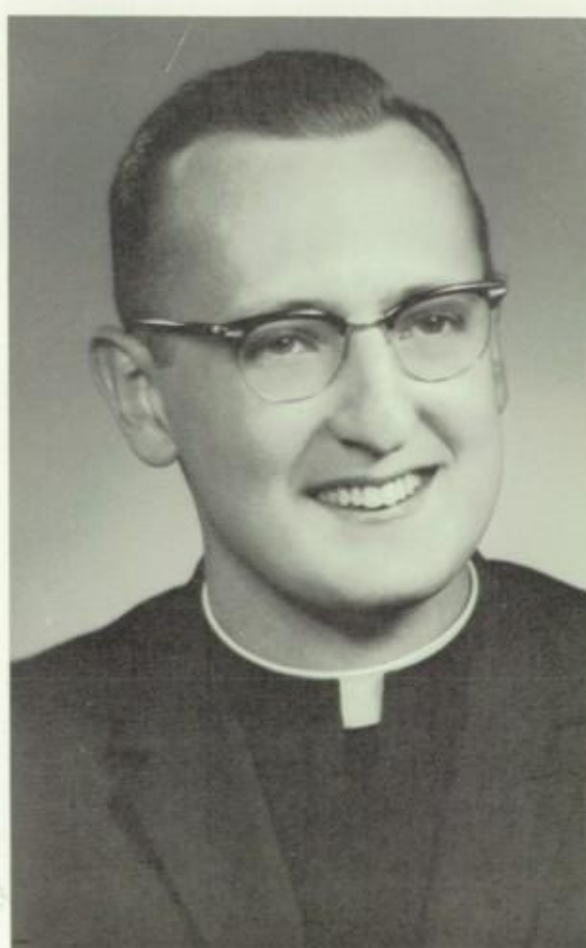

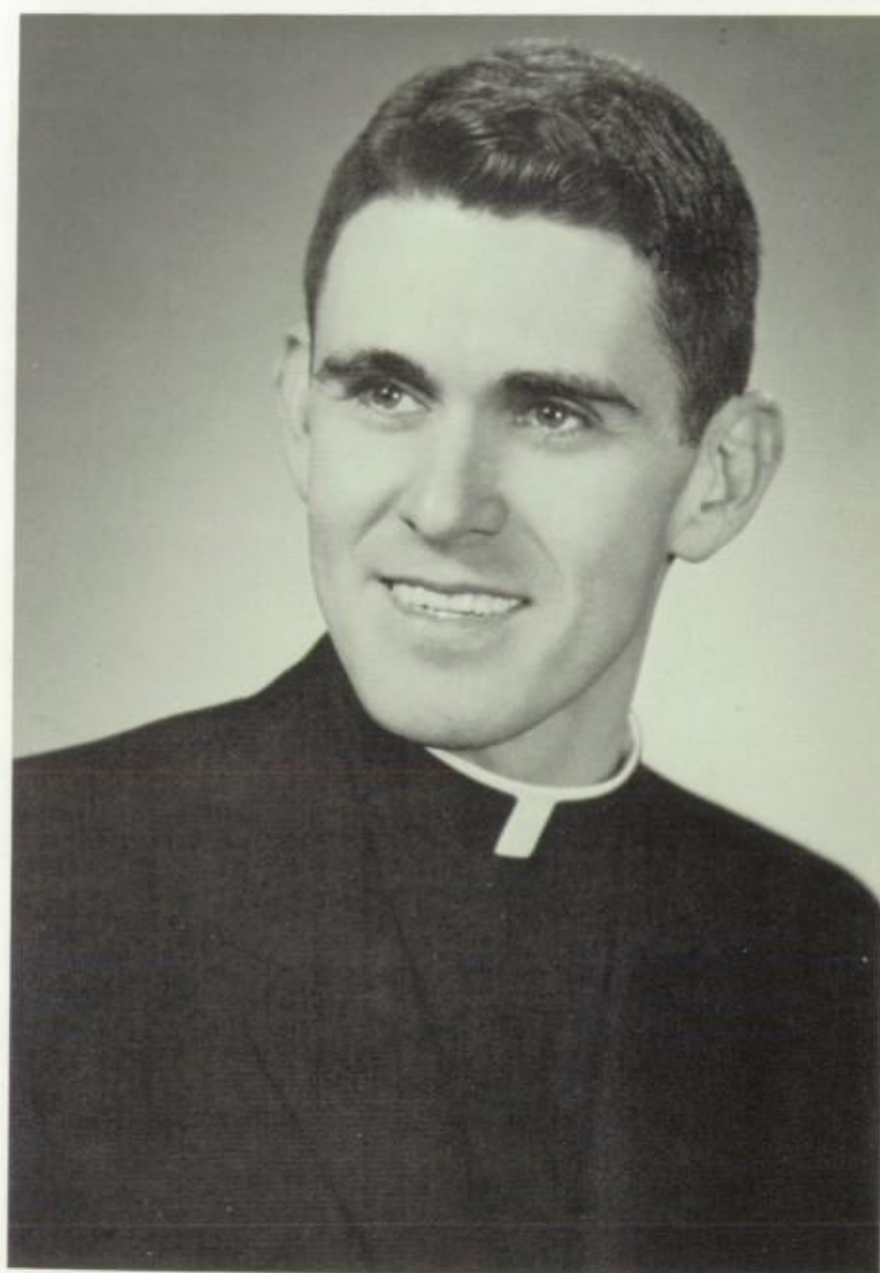

In every day in every way, through the faculty, we, the students, discover knowledge and a charitable way of life. To discover or not to discover . . . that is the option left to us.

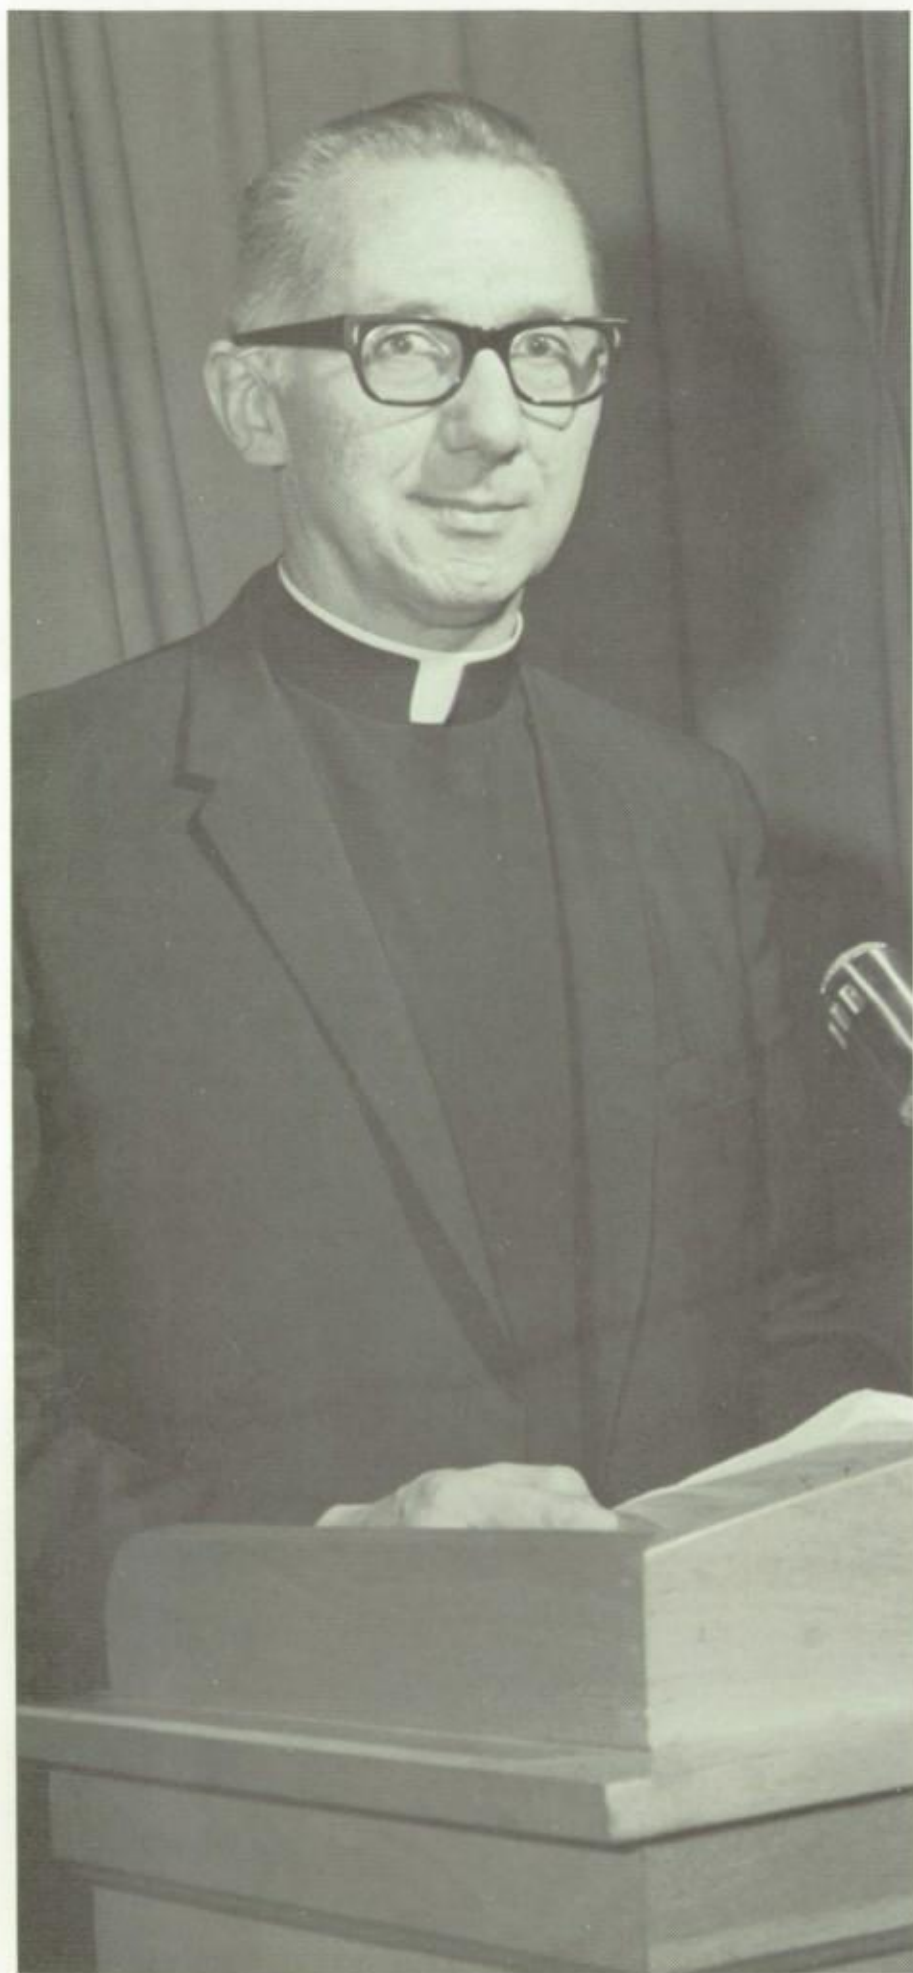

Conscientious administration offers an efficient and

For the average student attending Mindszenty, the behind-the-scenes tasks which facilitate the efficient running of school are chores kept as far out of mind as they are out of sight. This average student never realizes the hours of toil that our self-sacrificing leader, Father Joseph Wroblewski pours into his work. A school cannot function by itself; it demands much dedication to keep it running smoothly and on course. Father Wroblewski, under the direction of Bishop McNulty and his staff, keeps his school on a smooth and well-plotted course. As each day ends with Father's clear and precise announcements it would be well if we could discover how much we owe this man and all those others who have helped to make Cardinal Mindszenty High School a reality.

dedicated management of school policies.

Guidelines presented by counselors aid students.

The problems of the adolescent are many and diverse; often they are of a scholastic nature, but just as frequent in occurrence are those difficulties having a social basis. Whichever category his problems fall into, the student time and again discovers that the guidance counselors at school are the only person to whom he may turn when seeking solutions. It is this counselor who then, through wise advice and an understanding disposition, makes the solving of a problem seem so much easier, so much simpler to reach.

At Cardinal Mindszenty High School, the members of the guidance department have helped resolve numerous difficulties among the student body. The body, in turn, has discovered how truly fortunate they are in having such able persons as Sister Dorothy and Father Raymond Paa, working in conjunction with Father James Breitnauer, to help guide them through the sometimes painful, always puzzling, years of high school life.

Spiritual as well as social concepts are discovered and discussed in the inspiring atmosphere of Religion Class.

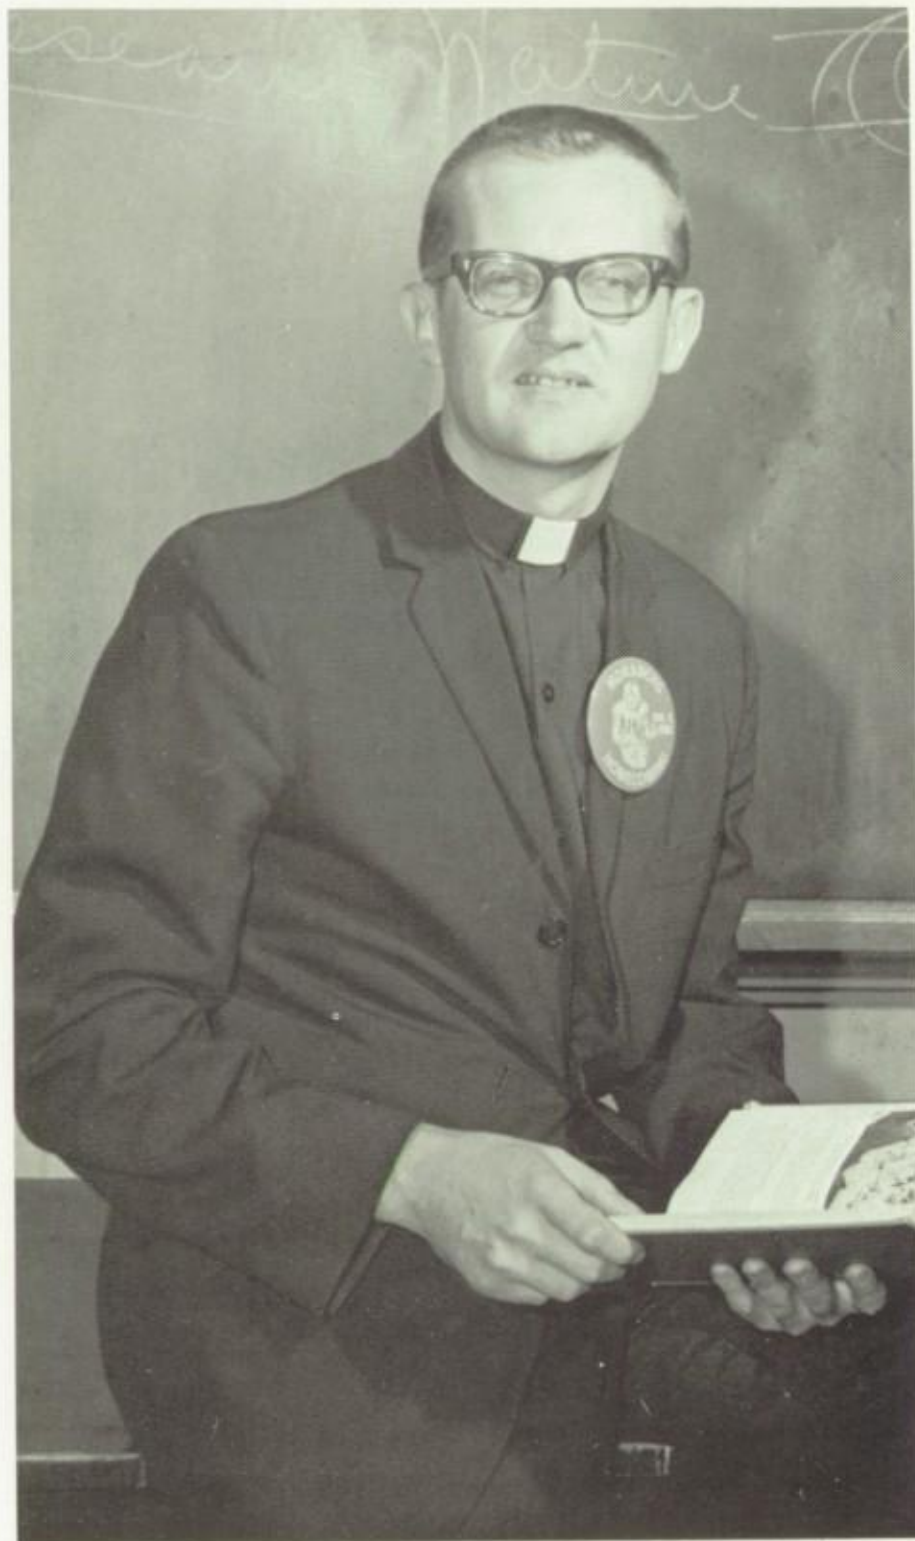

The concept of discovery in the Religion Class holds a dual meaning for the student at Mindszenty. He becomes aware of religious facts, while he is learning to discover himself. In religion class the student is offered an opportunity to express himself much more freely than formerly. He is urged to set forth his ideas, attitudes, and opinions for self-awareness and self analysis.

The instructors of such open liberal classes are understanding and broad-minded. They are willing to help the student with his personal problems as well as religious. He bears in mind that the students of today are soon to become the religious leaders of tomorrow. The religion teachers at Mindszenty are just such people. They are: Father Fafinski—Sophomore, Junior and Senior boys; Father Rossello—Juniors; Father Dowdell—Sophomores; Father Sheehan—Freshmen; Sister Caroline Marie—Freshmen; Sister Dorothy—Senior girls.

These men and women are doing a splendid job in helping our students to develop into better people and finer Christians.

Study of the English course produces an enriching effect upon the students' outlooks in literature.

During high school's formative years, a student develops many attitudes which often stay with him for the remainder of his life. The English class is undoubtedly a prime center for this important process of attitude formation. In these classes, each student discovers the great written masterpieces. The student learns to interpret all he reads in an objective manner and in so doing invariably forms personal opinions concerning the happenings of his life as well as those in literature. The written word is a powerful tool at Cardinal Mindszenty High School. This power is discovered and explored through group discussion. Under the guidance of Sister Mary Maxwell, English III, IV; Mrs. Thomas Murray, English I, III; and Father Antoine Attea, English II, each student is encouraged to participate in and contribute to this method of group and personal discovery. As a result, more students are beginning to know themselves and reality through what is often the fantasy world of literature.

becomes a source of today's discoveries.

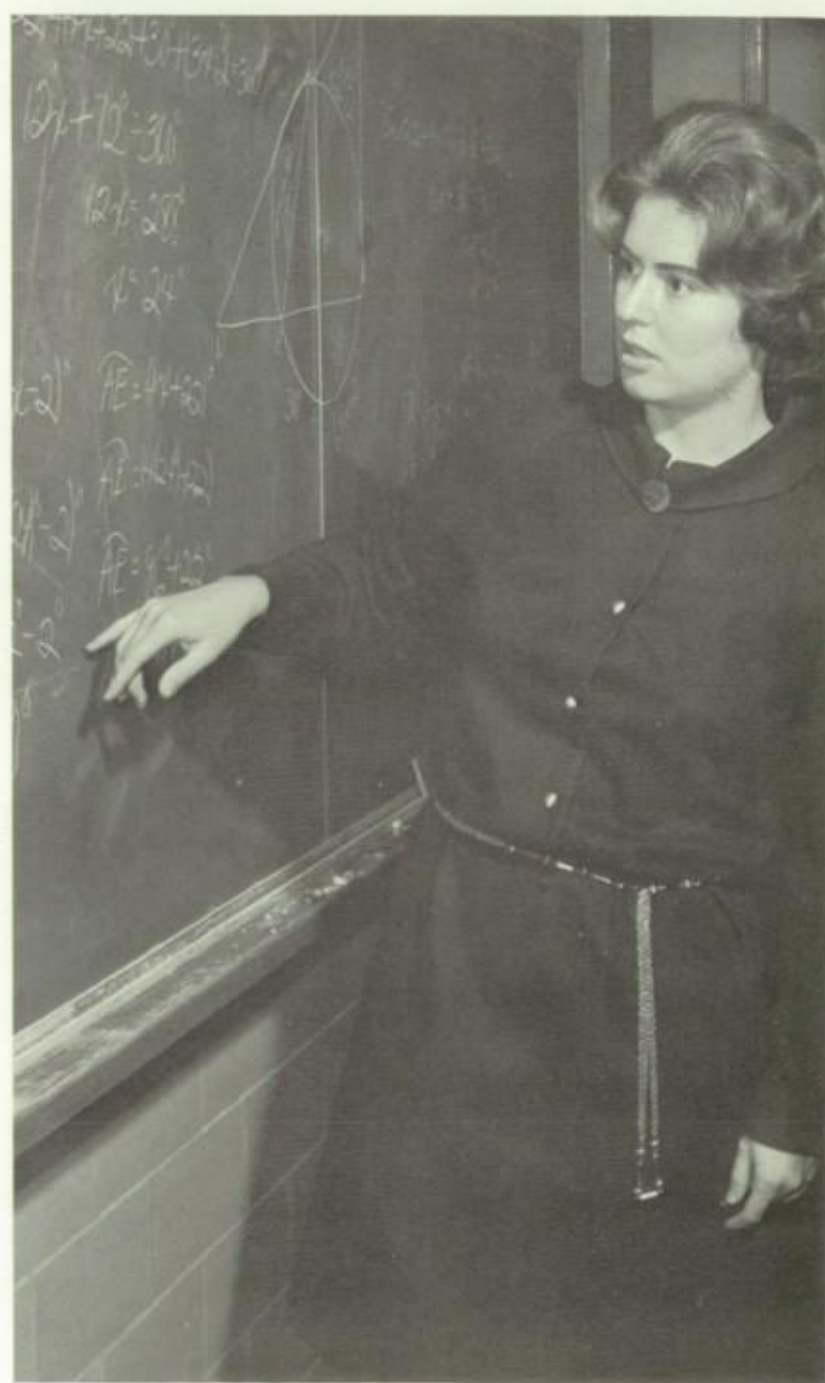

In years past, history was a series of facts to be memorized and promptly forgotten. The students of Cardinal Mindszenty High School, however, are now discovering much to their pleasure, a whole new approach to this study. They discover the acute relevancy of the past to the future and the importance of government and politics on their everyday lives. In all phases, they are learning what a living, breathing topic history can be. What makes this transformation possible? Our teachers! The history teachers at Mindszenty make their respective courses an integral part of each student's personal and academic life. These teachers are: Father Thomas Sheehan—World Cultures; Mr. Joseph Damiano—American History, World History; Mr. Robert McGaughey—American History, Economics, Sociology.

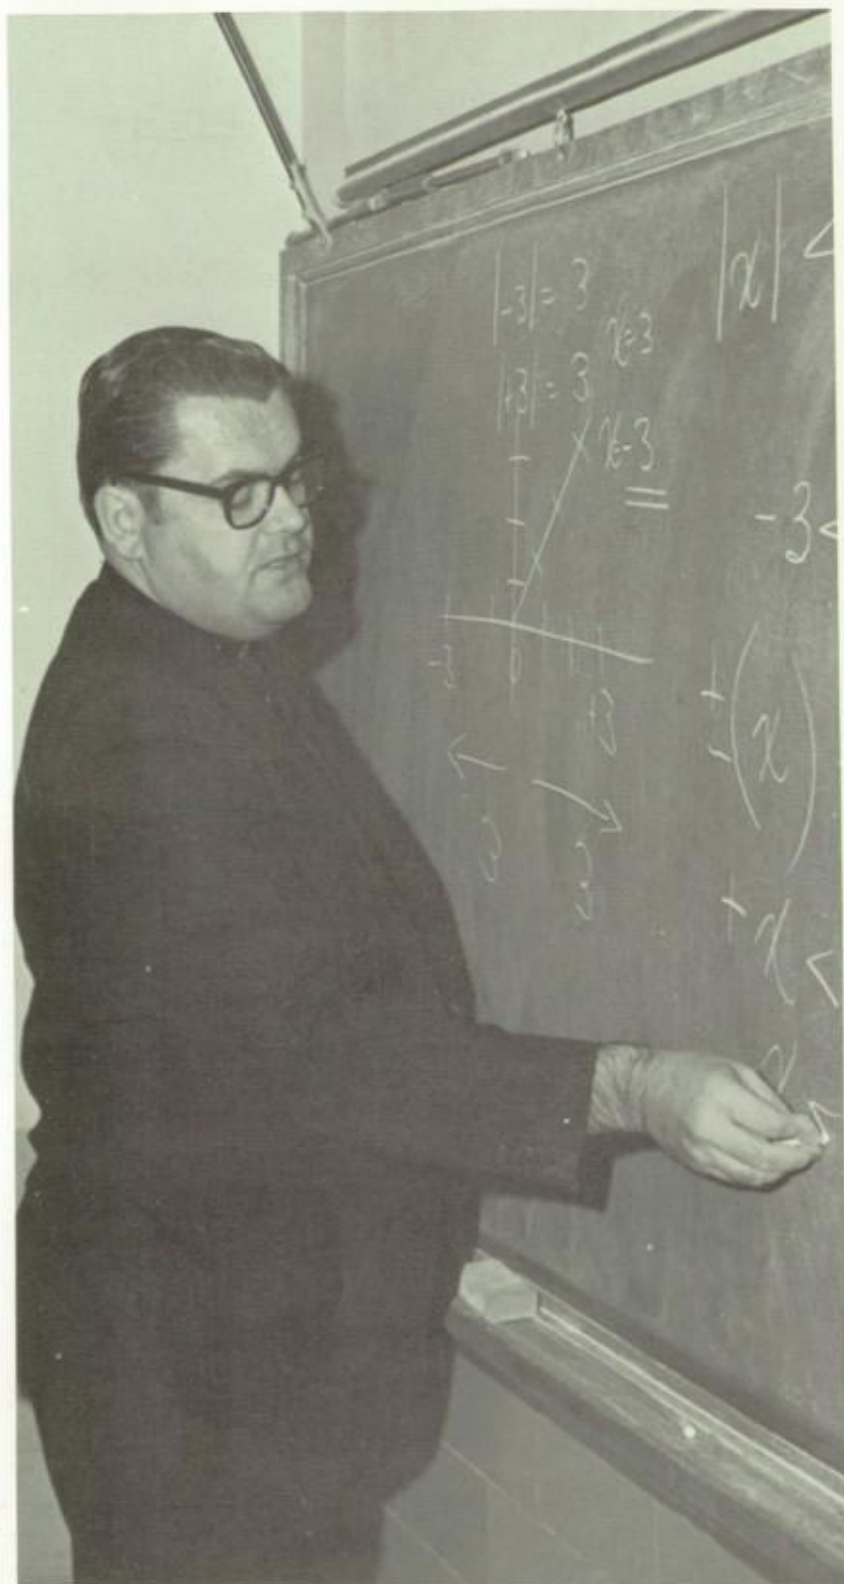

Daily explorations in the field of mathematics result
in an increased amount of student ability.

Helping high school students discover the many complexities of the mathematical world is by no means a simple task. To impress the importance of math in our highly computerized society upon the minds of their students is the difficult assignment confronting the teachers at Cardinal Mindszenty High School. It is a job which has been met with great success by the members of our school Math Department, which is composed of: Sister Caroline Marie—Math 9; Sister Marjorie—Math 10 and 12; Father Robert Nesslin—Math 11; Mr. George Burns, Jr.—Math 10E and Math 11E. Perhaps more so than in any other class, the math teacher tends to encounter individuals who have somewhere along the way developed "mental blocs" toward the subject at hand. It is then up to the teacher to slowly break down these blocs, through constant understanding and patience, until the student can discover for himself what a fascinating topic the study of numbers actually is.

Awareness and knowledge of natural phenomenom

are established in science class.

One of the likeliest sources of student discovery to be found at Cardinal Mindszenty today undoubtedly lies in the study of the sciences. No matter which aspect of this wide and diverse field is under consideration, be it in the area of General Science, Biology, Chemistry, or Physics, the student invariably finds a new and undreamed of world unfolding before his eyes. It is only through constant aid and patient guidance of his instructor that each student can fully recognize the awesome significance of the sciences in our changing country, in our changing world. The teachers at Mindszenty who so completely instill in our students a sincere desire for scientific knowledge are, with their respective subjects:

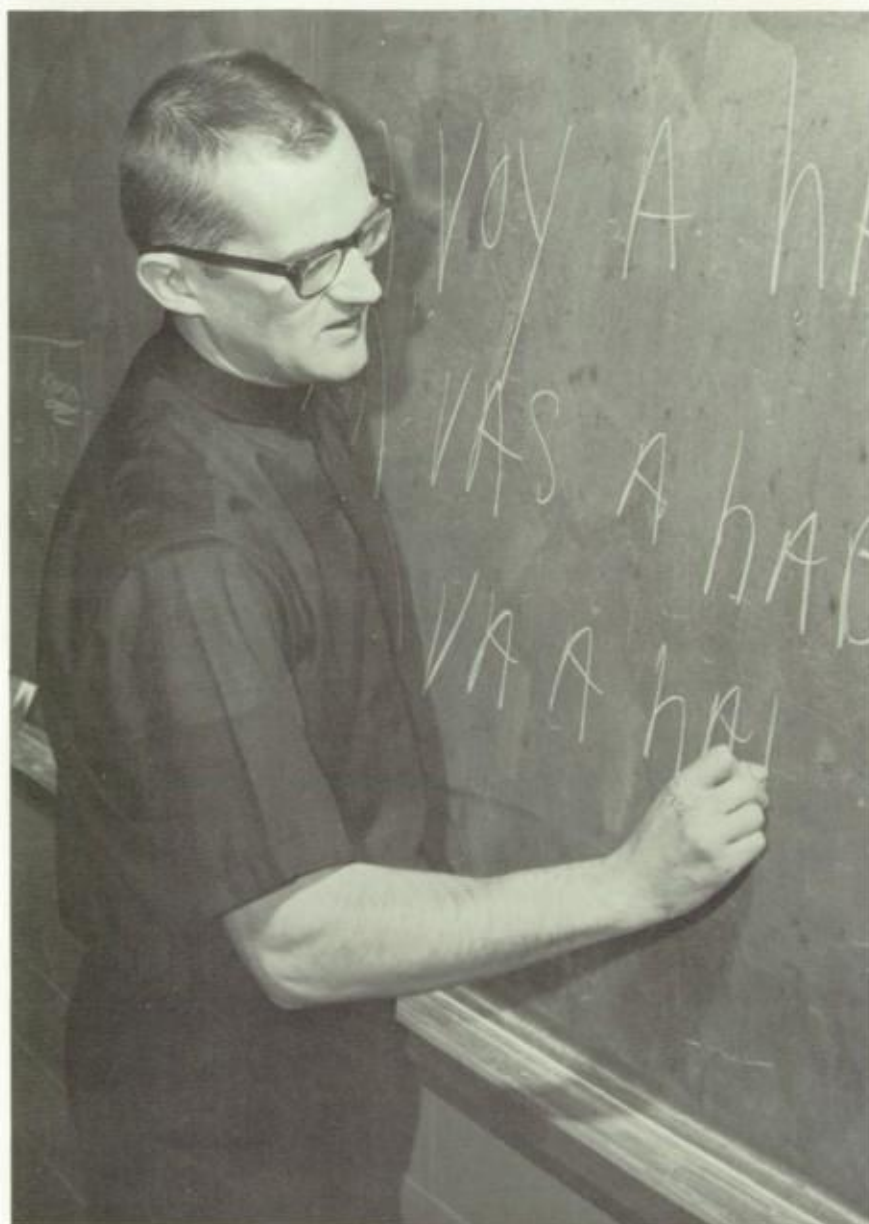

Mr. George Burns, Jr.—General Science; Father James Breutnauer—Biology; Father Nicholas Rossello—Chemistry; Father Robert Nesslin—Physics.

We feel that these men have met well the challenge presented them and have successfully enkindled in each of their students a scientific curiosity which leads to discovery.

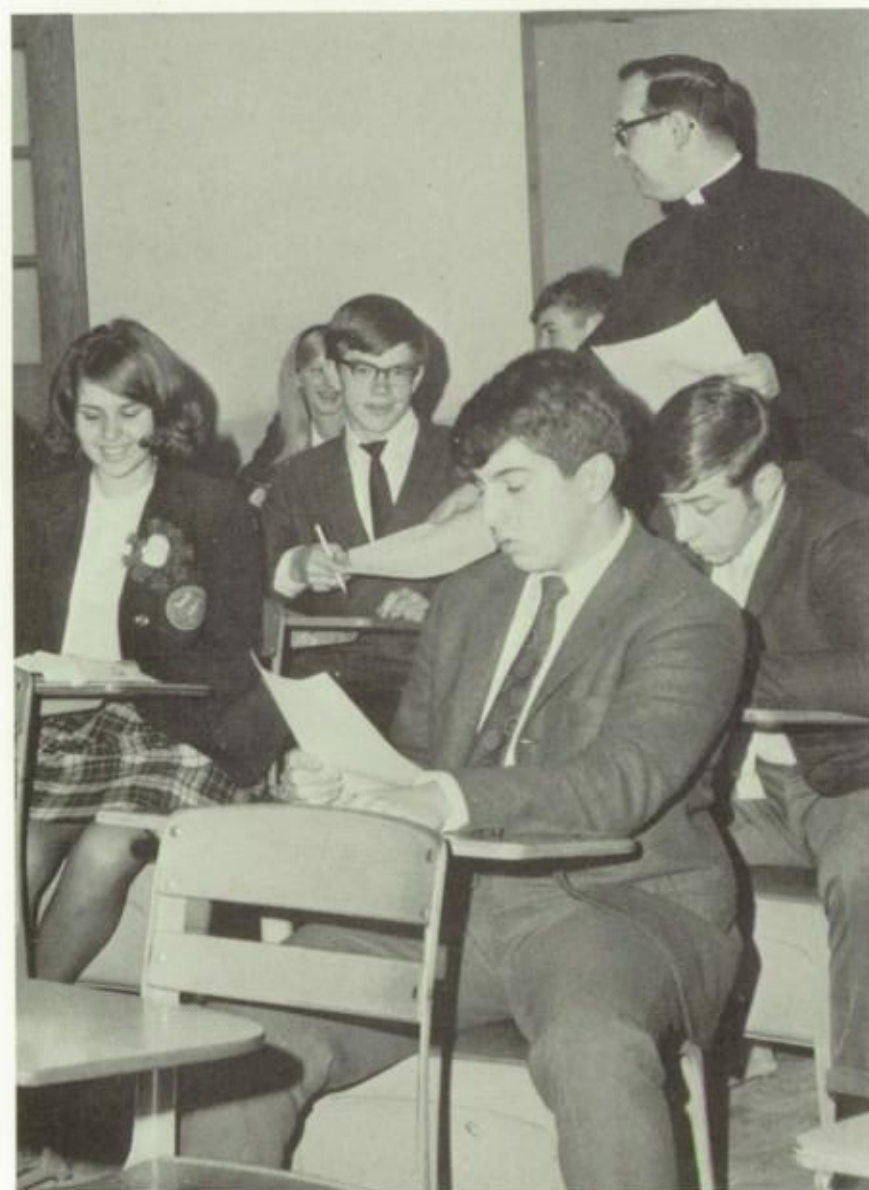

Interest in other lands is aroused by modern languages.

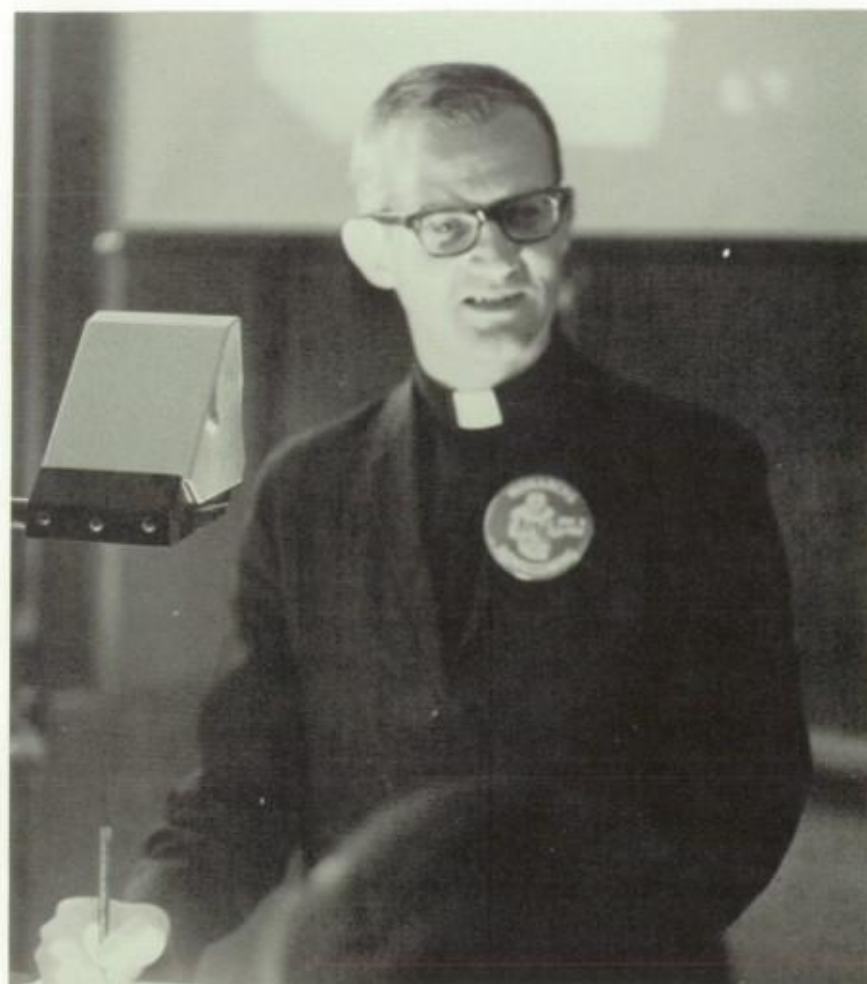

As a result of improved facilities, the distance between the countries of the world would seem to be "shrinking" by the day. Students at Cardinal Mindszenty High School are discovering an all important factor in the bridging of the gap between the nations of the world. This is the basis of language study. The teachers at Mindszenty who possess the ability to instruct in the fields of language so competently are: Father Joseph Dowdell, Spanish I; Sister Clare Francis, Spanish II, III, IV; Mrs. Samuel Danton, French I, II, III; Father Raymond Paa, Latin. Through them, perhaps the distance between all men will "shrink" just a little more.

Opposite Page—Middle left—Spanish students donated Christmas gifts to the needy. Business courses train and prepare for future pursuits.

In a world which is becoming increasingly dependent upon the use of computers and which is fast to recognize the value of the dollar, men and women well acquainted with the often complex workings of the business world are becoming much in demand in the establishments of this important field. Secretaries able to run efficiently the intricate affairs of office life are constantly being sought by employers sent from many large and impressive firms. And so it is that Cardinal Mindszenty High School's Business Department strives to turn out young people capable of filling these waiting seats in a world of business. Under the chairmanship of Sister Mary Patrick Murphy, who works in association with Sister Caroline Marie Scorcone and Father Joseph Dowdell, future secretaries and businessmen discover what a fascinating piece of machinery is the American Economy.

Music Department reveals latent talents of the student.

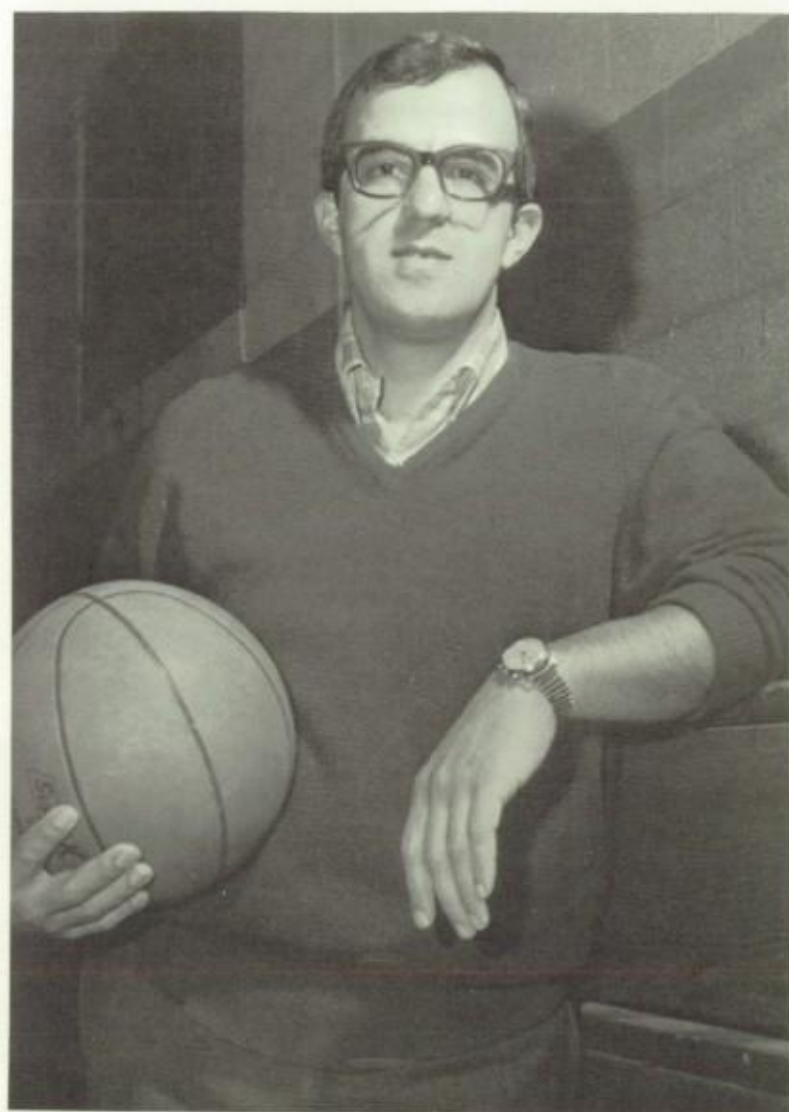

Music plays a many faceted role at Cardinal Mindszenty High School. The band, the musical, mixed chorus, and music appreciation class all help the student to discover what has so aptly been called the "Universal Language."

Father Robert Nesslin undertakes a large task each year when he sets out to produce Mindszenty's much acclaimed musical. With each performance, the quality of these productions seems to increase, and this is certainly a reflection of Father's hard work and able management. Father Nesslin is also in charge of the annual Christmas and Spring Concerts. Relatively new innovations at Mindszenty, these demonstrations of student talent have met with speedy success. Twice weekly the Freshmen come together for their music appreciation class under the instruction of Mr. Anthony DiRusso. He has helped develop the Mindszenty Band into the fine organization it is today, and has also aided his students in the discovery of music's important role in life. Father Nesslin and Mr. DiRusso are co-chairmen of the music department.

Phys Ed develops athletic abilities through teamwork.

The concept of team unity is a vital one; often it is the determining factor in whether a team will win or lose, succeed or fail. But it is not an idea which one can simply learn by rote from a textbook; rather, each individual in a group must discover for himself the importance of being one functioning unit in a whole body composed of such units. The two physical education teachers at Cardinal Mindszenty High School have been instrumental in making the discovery of this concept an easier one for the students to grasp. Through the efforts of Mrs. Paul Dean and Mr. Robert Muscato, the gym classes at Mindszenty have become shining examples of what can result from hard work and solid team action. Because of such classes, the students participating in them have learned to work not only as individual athletes, but as members of a group, working and playing for the good of all.

Upper left: Gym class offers time for fun. Upper right: Mr. Robert Muscato, Boys Physical Education, Coach of Football, Basketball, Baseball, Head of Physical Education Dept. Lower left: Mrs. M. Joan Dean, Girls Physical Education, Co-Moderator of the Girls' Sports Club.

Efficient management is provided by good personnel.

The staff of Cardinal Mindszenty High School is not a particularly large one. Yet the results produced by this hard-working group for the ultimate good of the school are equal to those of any larger, better equipped, number of workers.

The school custodian, Mr. Michael Bartkowski, puts in a full day's work each and every day. Because of his efforts, the school's machinery and equipment are kept in constant good repair and running condition. The cafeteria staff is one which comes into direct contact with most of the student body on a day-to-day basis. Under Mrs. John Woelfle, the women responsible for preparing the filling and nutritious lunches readily purchased by hungry students are: Mrs. Frank Ludwiszewski, Mrs. Alfred Bohn, Mrs. Frank Sadowski and Mrs. Richard Haase Jr.

Mrs. Betty Karnes, the office secretary, aids in the orderly arrangement of necessary school records and information. As an after hours worker, Mrs. Antoinette Kokocinski completes the staff by making sure the school is always immaculate and looking its best.

Organizations Pump Life-Blood into Monarch Spirit

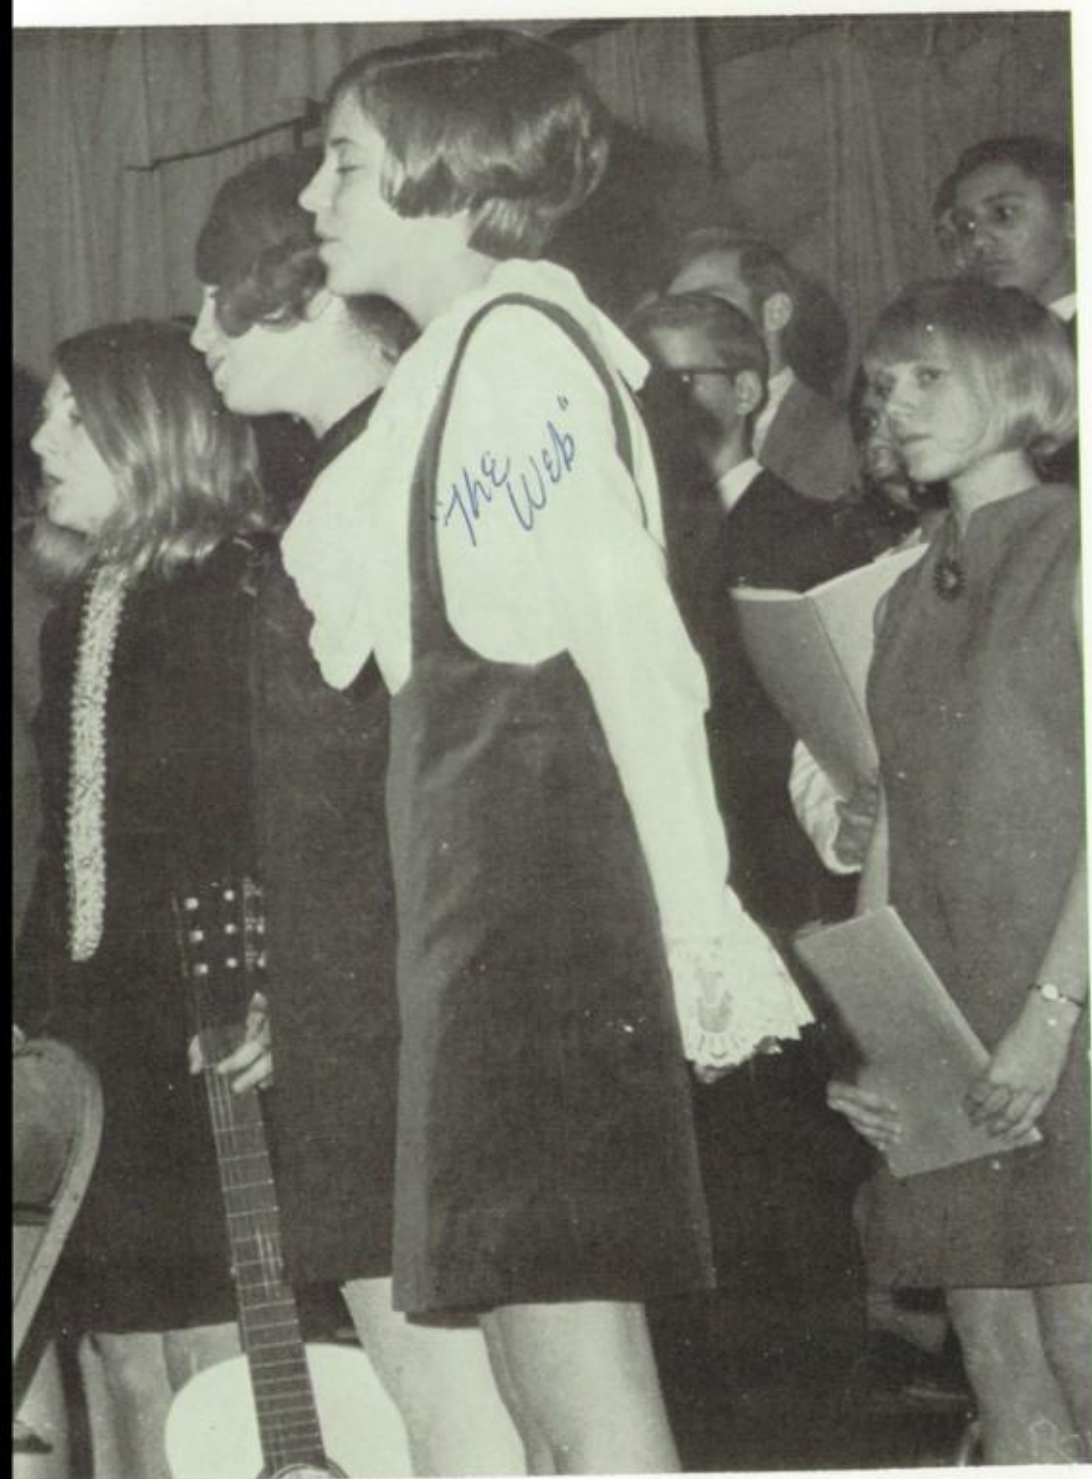

Responsibility . . . to oneself . . . to discover, to be alive . . . to the world, accepting our responsibility in the world as someone who has something to say, a word to speak! Communication plays an important part in the clubs and organizations at C. M. H. S.

Joy is the rare moment when the cry breaks through and someone momentarily hears it. Joy is being heard, and on a deeper level—being the one who hears. Organizations give this opportunity. Communication is a bridge on which people meet, understand and become one. An idea never spoken is an idea which is never chosen. A blind eye sees no light; a deaf ear hears no music; the ideas come and go in our clubs like falling snow. But yet we never lose the will to keep anxiously trying new ideas.

We are all pretty much alike, we all share the same tremendous longing . . . to discover . . . to be free, to be able to stand up and leave everything behind . . . without looking back; to be able to inspire a complete wholehearted YES from our followers—this is the picture of our clubs and organizations.

This is the liberating, the exciting moment of life, to stand eye to eye with the world . . . all that is beautiful . . . all that is good . . . and say here I Am!

School Leadership Is Provided by Student Council

To represent the students of C.M.H.S. and become a truly active, respect-worthy student government are the goals of this year's Student Council. With these goals in mind the officers, president Moses Cruz; vice-president Gretchen Meister; secretary Becky Smith and treasurer Tom Ostrye began a successful year.

Volunteers to chair the Council's four standing committees accepted a big work load. These positions were capably filled by: Joan Palcic—Catholic Action, Tom Barbuto—Constitution, Tom Mead—Social Activities, and Mike Sheehan—Student Administration.

Interaction between the faculty and the homeroom has brought up many ideas worthy of discussion.

The second annual, Student Council sponsored, Christmas dance, "Visions of Christmas" proved to be a beautiful event.

Character, Leadership, Service, Mark Honor Society

Cardinal Mindszenty's outstanding students are recognized by the St. Edmund Chapter of the National Honor Society. These Students must achieve and maintain an average of 88% and distinguish themselves in the qualities of leadership, service and character.

This year's Honor Society consists of twelve senior members and eleven provisional members. Elected to office this year were: President, Carl Nasca; vice-president, Mary Ambrose; treasurer, Mark Rowson; secretary, Joan Palcic. Under the direction of their moderator, Sister Clare Francis, this year's Honor Society students have enjoyed a production of *A Midsummer's Night Dream*, and other activities are being planned.

The Cardinal Results from Diligent Staff Work

Deadlines! Layouts! Techniques! are problems facing the editor-in-chief, Linda Vacanti, Co-editors Mary Jane Christy, Connie Antolini, and yearbook moderator Sister Mary Maxwell. Other busy-beavers strong at work were department editors: Business—Joe Schrantz, Sue Worosz; Boys Sports—Kevin Burns, John Karnes; Girls' Sports—Mary Grace Gatto; Underclassmen—Darlene Tworek, Linda Blazejewicz; Activities—Linda Olivieri, Anne Parisi; Faculty—Gail Kroll, Diane LoGuidice (also student life section); Seniors—Judy Kuziora and Lorraine Szydlo; Typing—Mary Grace Gatto, Philomane Leone, Josie San George; Introduction—Cathy Correia, Peggy Kelly. An informal senior section and a student life section are new.

Meridian Informs on Up-to-Date Happenings

Today's world is involved in progress and development. Keeping up with the times, the staff of "The Meridian" felt that Mindszenty's newspaper was also due for a change. With experimentation in photo off-set printing, variation in mastheads, and originality in artwork and literary style, the publication gradually gained a new look that has developed a professional flair. Working in unison with their moderator, Sister Mary Patrick SSJ, are the Editor-in-Chief: Leonard Palka, Associate Editor: Marie Czarnecki, News: Deborah Leter-sky, Editorial: Larry Nichols, Feature: Chris Slominski, and Sports: Tom Stepp.

Spanish Club Provides Cultural Influence

One of the most active clubs in the school, the Spanish club reaches out to missions and poor sections of the community. During Thanksgiving, Christmas, and Easter Holiday periods, the members generously contribute their time and efforts to prepare baskets of food for the less fortunate. This year they again succeeded in continuing the education of their seminarian in Ecuador.

Under the careful guidance of their moderator, Sister Clare Francis, the club has planned many activities, among them the favored "pinata" party at Christmas, and the much awaited "fiesta" culminating the year.

Chosen as officers this year were Mark Gregory, President; Dave DeJoe, vice-president; Patti Palcic, secretary; Mary Alice Kewley, recording secretary; and Dennis Pantano, treasurer.

Together with Sister Clare Francis and the rest of the membership, they have worked to make the Spanish Club the success it is.

Young Christian Students Live the Modern Faith.

Young Christian Students strive for a more active lay apostolate. Through Y.C.S., young people discuss the problems facing them as Christians and make an effort at solution.

Each meeting involves Scripture Inquiry, Liturgy discussion and Social Inquiry.

The members of the Boys' Y.C.S., under the guidance of Father Fafinski, work with the children at St. Joseph's Home for Exceptional Children. The girls, with Sister Caroline Marie as moderator, care for the school chapel.

History Club Sponsors trips to Places of Historic Interest.

The History Club is moderated by Mr. Joseph Damiano. The members strive to keep themselves abreast of history made long ago and history in the making today. This year's activities included a trip to Buffalo to attend a series of lectures pertaining to current events; a movie on the life of Henry II, and a resume of Peace Corps life in India given by Joseph Piede, a former Mindszenty student. With the proceeds from its mid-term dance, the History Club is planning a banquet as its final event.

Pep Club Sparks Monarchs; Stimulates Fight Spirit

As the Monarchs go marching in for another basketball game, they are met by the overwhelming kaleidoscope of victory signs encompassing the spirit of Cardinal Mindszenty High School. This dynamic effect is accomplished by the Pep Club.

Devoting much time and effort, the members succeed in conveying their own vim and vigor with expressive signs such as "Monarch Might" and "Wipe Out Walsh."

Climaxing their role to engender school spirit, the Pep Club members (in conjunction with the cheerleaders) rock the gym with their incantations of "Go Monarchs Go!"

Art Study Brings Out Creative Ingenuity Of Students.

This year's addition to Cardinal Mindszenty High School's extracurricular clubs is the Art Club, which meets every Wednesday after school.

A great number of students possess artistic abilities worth encouraging. In the class directed by Mrs. Eloise Heyl, the Art Club members learn the basics as well as the fine points of drawing, painting, and various forms of lettering and poster making.

The Art Club doesn't hide its talents; during the Christmas season they made decorations for the classrooms and halls to put the school in the holiday mood.

Ski Club Members

Thrill to Snowy Slopes.

As the winter season peeks around the corner, something else appears: a ski club meeting and election of new leaders for the snow bunny set. Fervent prayers are said nightly in hopes of a steady snowfall. Favorable snow conditions bring the life of the slopes to an anxious club. To many, the fine art of skiing has been deeply embedded into their system, while newcomers await the thrill of their first run. Donning appropriate apparel, two sessions of skiers, morning and afternoon, head for the hills where qualified instructors give aid to experienced skiers and confidence to beginners.

Enjoyment Is Provided by Musical Talents of Band

The Cardinal Mindszenty High School Band, under the direction of Mr. Anthony DiRusso, is well known in the diocese of Buffalo. Although Mindszenty's band is small, it is definitely strong in musical abilities. In addition to playing at football games and pep assemblies the band presents a Christmas and a spring concert. The band members also march in the local Halloween and Memorial Day parades and have won awards. This year, the band traveled to Buffalo to participate in a diocesan music festival.

Library Club Renders Much-needed Help.

Although it is still a comparatively new organization at Cardinal Mindszenty, the Library Club has played an increasingly large role in the mainstream of school activities. Most notable among the services offered by club members are those performed around and about the school library. Under the moderator Reverend Antoine Attea, the Library Club assures the student body of a neat and well organized study area in which to do research and all other necessary book work.

The Art of Photography Is Developed in Camera Club.

All the Mindszenty Clubs try to prepare the students for their future, especially the Camera Club. As moderator, Father Antoine Attea teaches his members the principles of photography: the composition, the technique of good close-ups and how to develop their pictures. The Camera Club has taken field trips to such places and Zoar Valley and Alleghany State Park. The ten-membered Camera Club is for those interested in a serious type of photography.

Record Hop Committee Furnishes Valuable Services.

This organization, though very small in number, has one of the most important jobs of the entire social calendar. The committee, under the direction of Father Nicholas Rossello, has the various responsibilities of planning each dance held in the gymnasium. They provide workers at the door to handle admissions, check the list of incoming and outgoing students, purchasing new records as the need arises. Sometimes they provide chaperones and decorations which are all integral factors in making each dance a successful event. Their worthwhile efforts are appreciated and enjoyed by all students who attend these social functions.

Students Volunteer Valuable Spirit-Promoting Service

The Booster Club is a well-knit group of dedicated young men. They can be described as managers for all sports; they volunteer their time and effort to aid the sports programs.

At basketball halftimes, the boosters directed by Father Thomas Sheehan, see to it that the court is kept clear. They also have the important and time-consuming job of marking the football field before games and lining the track before meets.

Positive Attitude Marks the Difference at Mindszenty

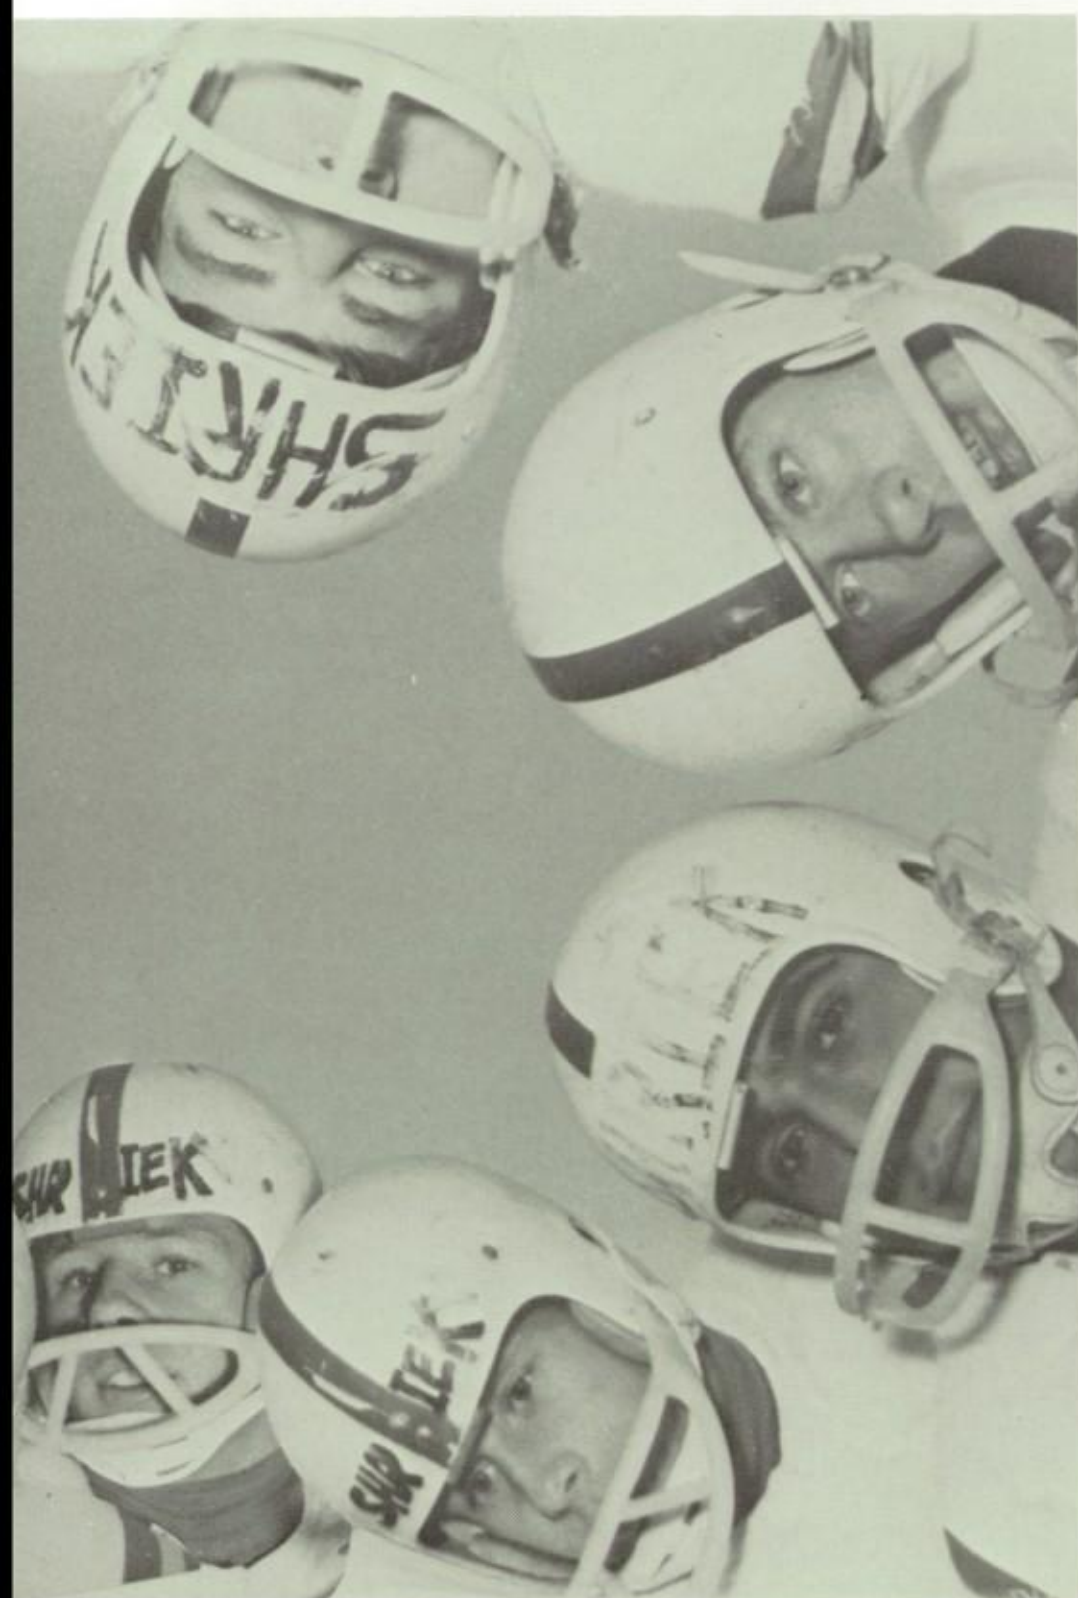

To discover . . . is to learn . . . to learn . . . is to experience . . .
"If you can meet with triumph and disaster and treat those two imposters just the same. If you can make one heap of all your winnings; and risk it on one turn of pitch-and-toss, and lose, and start again at your beginnings and never breathe a word about your loss; if you can keep a sweet and gentle spirit in spite of fame or fortune, rank or place, and though you win with poise or lose with equal grace . . . yours is the earth and everything that's in it, and, which is more . . . you'll be a man!"—*Rudyard Kipling*.

"The ideal . . . is love the game more than the prize." The pattern . . . is to talk about the game rather than the outcome.

Now, get up and lightheartedly, courageously, good-temperedly get ready for the next encounter . . . for you have experienced, you have learned, you have discovered!

Monarchs upset oddsmakers with 7-1 record.

The 1968 Smith Division football can be remembered as the year the experts were wrong. Picked to finish low, the Mindszenty Monarchs finished second in their division with a won 5 and lost 1 record. The highlight of the year was the rivalry match with Dunkirk. Mindszenty's passing attack proved superior to Dunkirk's ground game, and we had another victorious homecoming, 20-13. Spirit flared in the Monarchs' opening victory against St. Francis, 12-0. Gibbons was the next victim. The Vikings were upset 21-7. The Monarchs remained unbeaten by topping DeSales 46-14. At Notre Dame, our offense exploded for 35 points to trounce the Irish 35-19. We succumbed to undefeated Walsh, 20-12. We outclassed the Fredonia Hilltoppers, 26-6. The Mighty Monarchs crushed Dunkirk, 20-13. Our team once again captured the Knights of Columbus trophy, champion of the "Little Three." In the season's finale at St. Mary's, Mindszenty overcame the Lancers with a score of 18-7. Our gridgers compiled a 7-1 overall record.

Desire and dedication

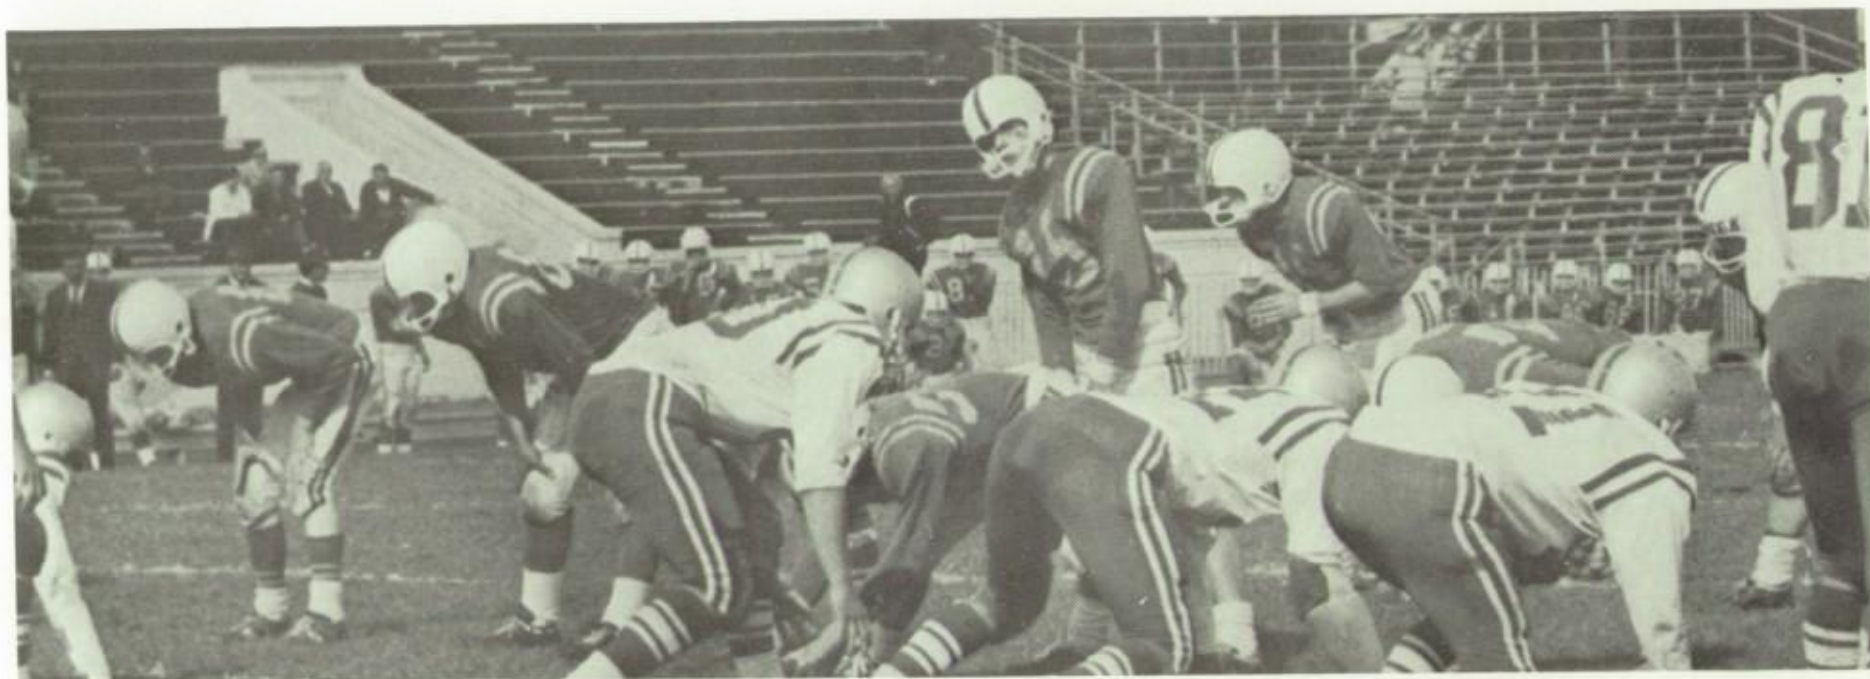

Football, unlike most other sports, is a combination of speed, contact, and co-ordination. This was displayed expertly by our five All-Catholic players: Backs: Dan Wolfe and Tom Ostrye; Linemen: Tom Palcic, Dan Ostrye; End: Carl Nasca.

Mindszently players also dominated the league statistics with Dan Wolfe being leading scorer and rusher; Carl Nasca leading pass receiver; Tom Ostrye tried for total yardage and one of the best passers in the league.

Why such a successful campaign in what was supposed to be a rebuilding year? There is no single reason to explain it, but the combination of attributes which goes in the making of a winner. Probably the most important to Mindszenty was team leadership by tri-captains Dan Wolfe, Carl Nasca, and Tom Palcic. It was mainly through their example that the Monarch spirit spread throughout the team.

Future bright due to young talent.

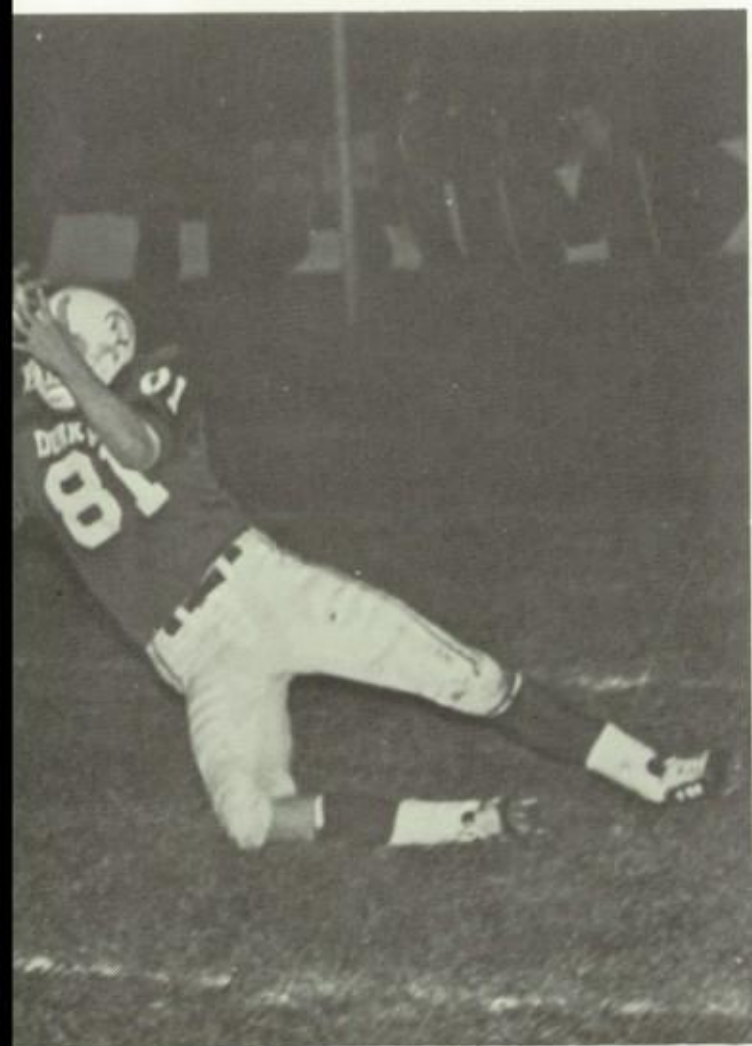

No team can win without the personnel capable of doing the job. Quality rather than quantity was the key to the seniors. Although they were only six in number, each played a key role. The scarcity of veteran players put tremendous pressure on the underclassmen. They responded as never before, not only making this season a successful one but leaving a large nucleus of seasoned athletes for next year.

At the beginning of training, the task of combining all these ingredients into a disciplined machine fell once again into the hands of Coach Robert Muscato. His vast knowledge of fundamentals and his ability to teach them, plus the work of the assistant coaches Dave Strada, Jim McGraw, Jim Ostrye, John Randazzo, and J.V. coach John Messina, made the squad a winner in every sense of the word.

Monarch harriers capture first league championship. grueling practice, strategic coaching bring victory.

The '68 Harriers captured for the Monarchs their first Cross Country championship in Mindszenty history. This was the result of long hard hours spent earnestly in practice. A personal goal was set by every member of the team. These grew under the watchful eye of Coach Robert McGaughey who added his experience and drive to come up with the team that proved to be the fruit of Coach McGaughey's four years of hard work. The men to whom the credit is due for this victorious season are Ed Giacchino, Kevin Burns, Mike Fabritius, Mark Rowson, Mark Gregory, Ang Terese, and Joe Schrantz. But although they were keys to the success, the real discovery and surprise were Mike Bohn a junior, Kevin Rowson a sophomore, and Mike Madigan a freshman, who received letters for their outstanding performance. Tremendous school spirit has always set Mindszenty apart from other schools. This spirit was exemplified at a pep rally when both the Football and Cross Country teams joined the rest of the school in gym-rocking cheers.

Undefeated season fulfills desire of senior harriers

Senior members leaving the team this year are Dave Szczerbacki, John Karnes, Tom Merrill, Eugene Pauszek, and manager Tom Hammond. These are followed by numerous underclassmen who will return. This year with a regular season record of eight wins and no losses, not at any time did our Harriers score over 20 points. This indicates that three of our men finished in the top five every meet. Also to our credit were two perfect scores. The Harriers, working under the serious disadvantage of having no home course, traveled 50 miles via bus before each meet to accomplish their undefeated season.

Not even a second place in the All - Catholic meet can diminish the accomplishments and triumph of the team because this was the closest score in Cross Country history. In this there was truly glory in defeat. If there is a disappointing note it would have to be the loss through graduation of eleven of our finest competitors.

Bottom: Monarchs anxiously await All-Catholic results.

Varsity cagers compile 7-11 record

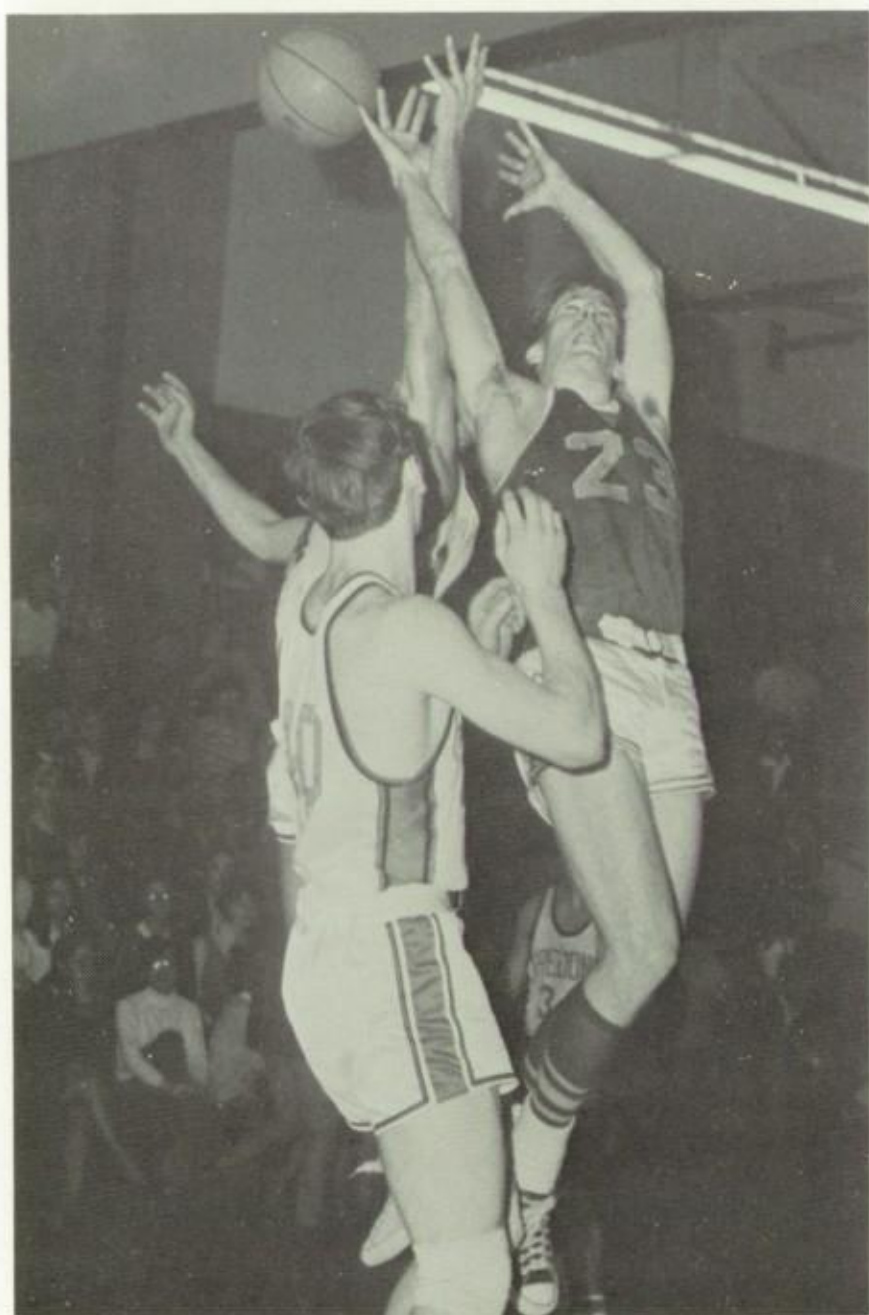

Monarch cagers compiled a 7-11 season when we met an unusually tall league. Our tallest player was 6'2½" jumping Joe Schrantz and the Monarchs were forced to oppose many players over six foot five. "Texas" Angelo Terese with strong rebounding and clutch shooting, shattered the school record in the final game of the year vs. St. Mary's School for the Deaf with 36 points. Senior "Mad Dog" Szczerbacki's hard drives and aggressive play will be missed next year along with co-captain Carl Nasca's hustle. Co-captain Dennis Regan sparked C.M.H.S. with his ball control. Tom Hammond's deadly outside shots and Joe Schrantz's rebounding will be lost by graduation. The mere presence of Dan Wolfe wearing his patented #44 cannot be replaced.

Our basketball season cannot be labeled a total success. It can be called a rebuilding year. Although there were seven seniors this year, some of the playing time went to the elevated Junior Varsity squad. Freshmen and sophomores gained valuable experience opposing more polished players. Coach Muscato can expect great things from sophomores Rick Noecker, Harv Burns, and Mark Regan, and freshmen Dave Passafaro and Dennis Murphy. The most satisfying triumph was the 55-52 decision over Dunkirk. The Dunkirk game was not the only moment of glory for the CMHS five. Our boys trounced St. Mary's School for the Deaf, 86- 62.

Won 9 — Lost 9

Undergoing such hardships as losing four starters to the Varsity, and recruiting many freshmen, rookie Coach Ed Eaker directed his J.V.'s to a respectable overall record of 9-9.

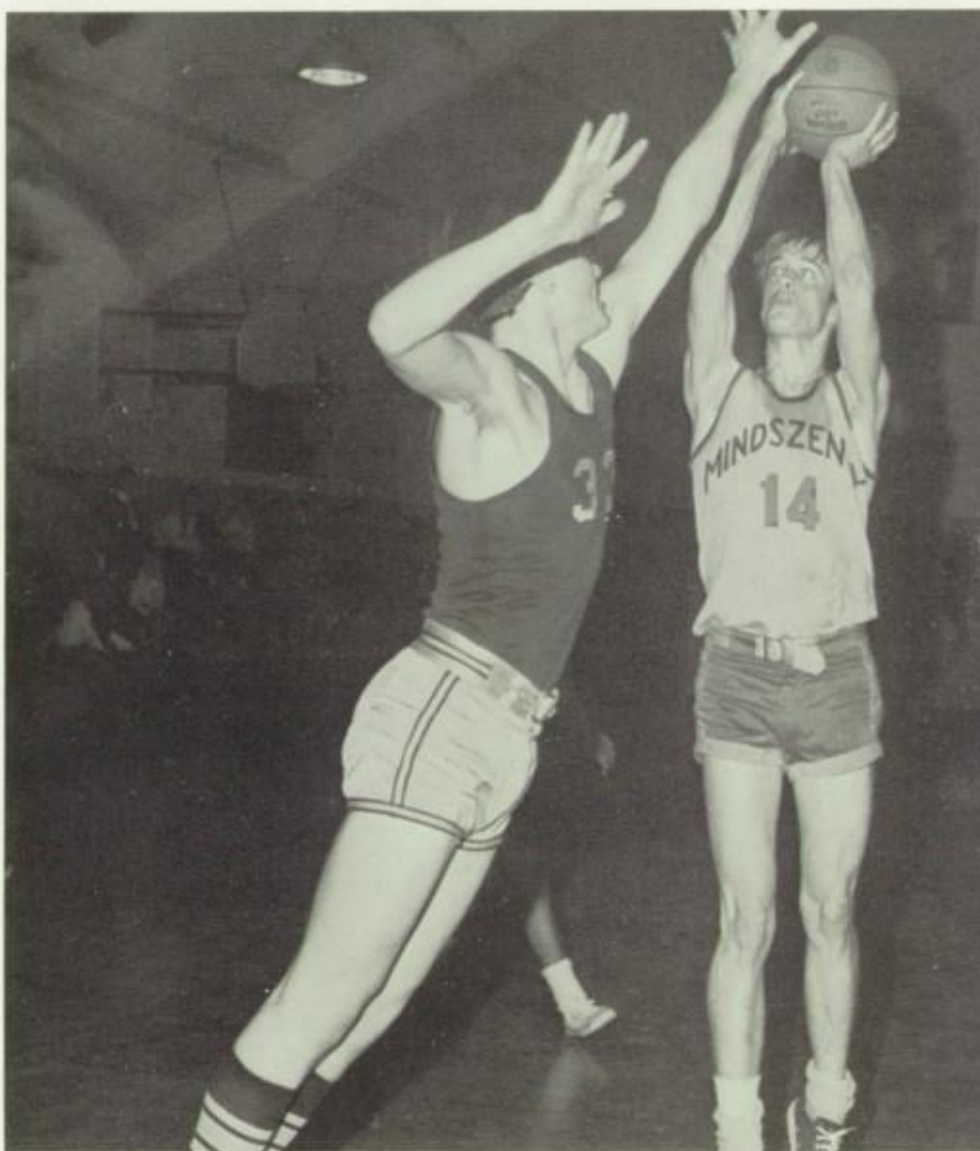

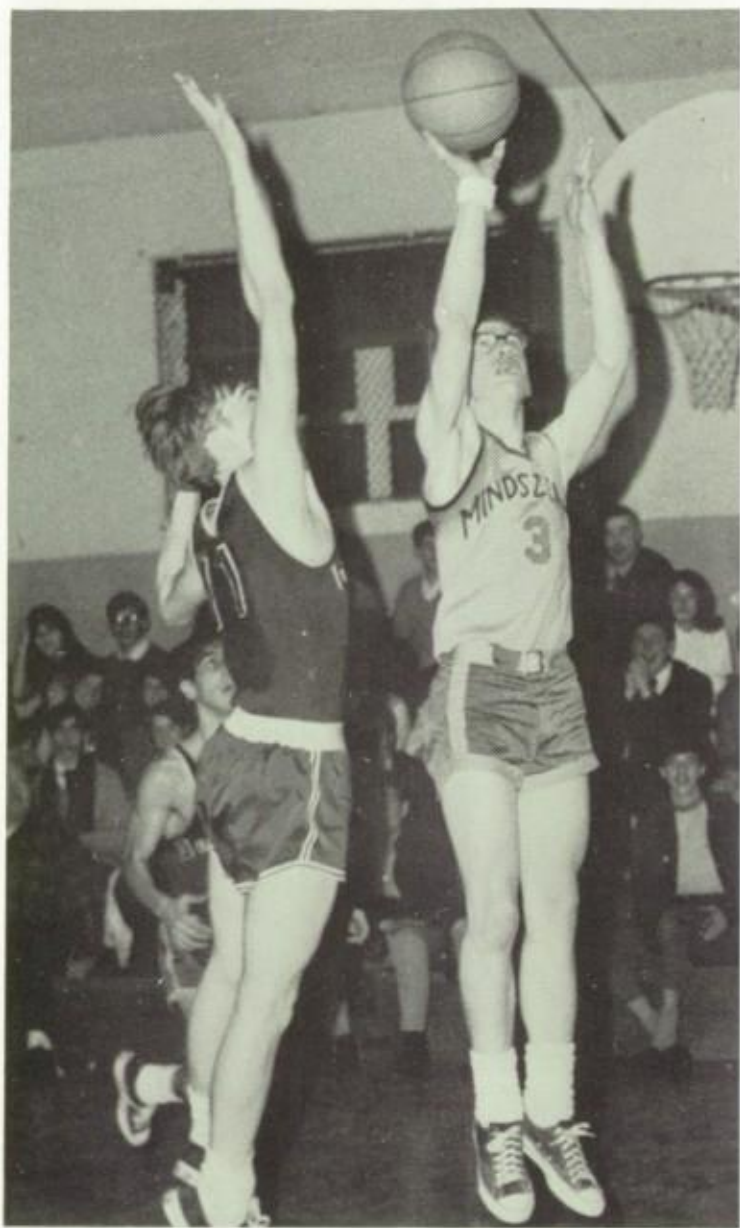

The first half of the season was dominated by Sophomores Burns and Regan, and Freshmen Murphy and Passafaro. After these regulars were tapped for Varsity duty, the scoring burden fell upon sophomores Bill Lynch and Tom Mead. John Schrantz was responsible for the much-needed rebounds.

The young J.V.'s were sporadic at times this year. After winning four straight games in mid-season, including a big victory over Walsh, they dropped their last four games, ending the 1968-69 season.

1st Row Left to Right: Mike Cordavano, Jim Ransford, Kevin Rowson, Coach Ed Eaker, Chris Colvin, Tom Massar, and Jim Wheeler.
2nd Row Left to Right: Bob McGraw, Bill Lynch, Tom Mead, Mike

Burke, Larry Andres, Jim Cimmenello, and John Schrantz. 3rd Row Left to Right: Bill Jones and Dennis Schrantz (Mgr.)

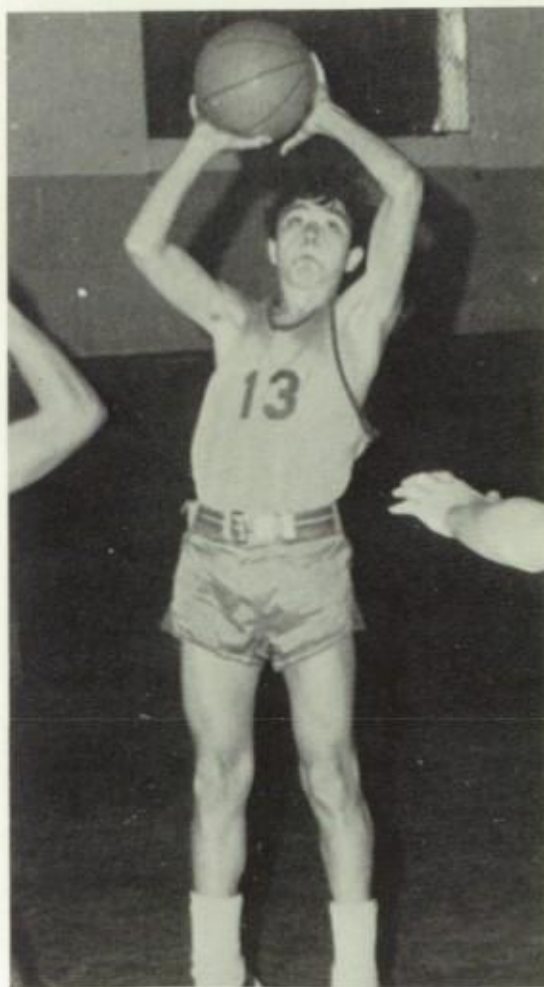

Top Left: Mark Regan nets two points over the defender's outstretched arm. Top Right: Freshman "Red" Cordavano is fouled as he drives for a layup. Bottom Left: Dave Passafaro pulls down another important rebound to spark the Monarch attack. Bottom Right: With fire in his eyes, Tom Mead scores against Notre Dame. Opposite Page; Top Right: Mindszenty and DeSales players await the descent of the ball.

Baby monarchs gain experience

Coach Eaker instructs future J.V. prospects 1st Row Left to Right: Bob Badayla, Mike Miller, Coach Eaker, George Duncan, and Kevin Regan. 2nd Row Left to Right: Jim Harrington, Dave Meegan, Bob Gestwicki, and Rick Burgstrom (mgr.)

Complementing the Varsity and J.V. team are the Baby Monarchs. Under Coach John Dillenkofer, the frosh compiled a 4-7 record. They accomplished what they set out to do: instruct each member carefully about the basics of basketball. Near the end of the season several frosh were moved to the Junior Varsity, and did respectable jobs in a higher caliber of competition. The frosh battled gallantly against such teams as Dunkirk, Fredonia, and Silver Creek. These freshmen learned the values of teamwork, sportsmanship and fair play.

Upper Left: Jim "Wheels" Wheeler exhibits his talent of clearing the boards. Lower Left: Kevin Regan shows his soft touch as he scores for the baby Monarchs. Lower Right: Mike Miller adds two more points with his patented set shot.

Monarchs keep on rolling with golf and bowling.

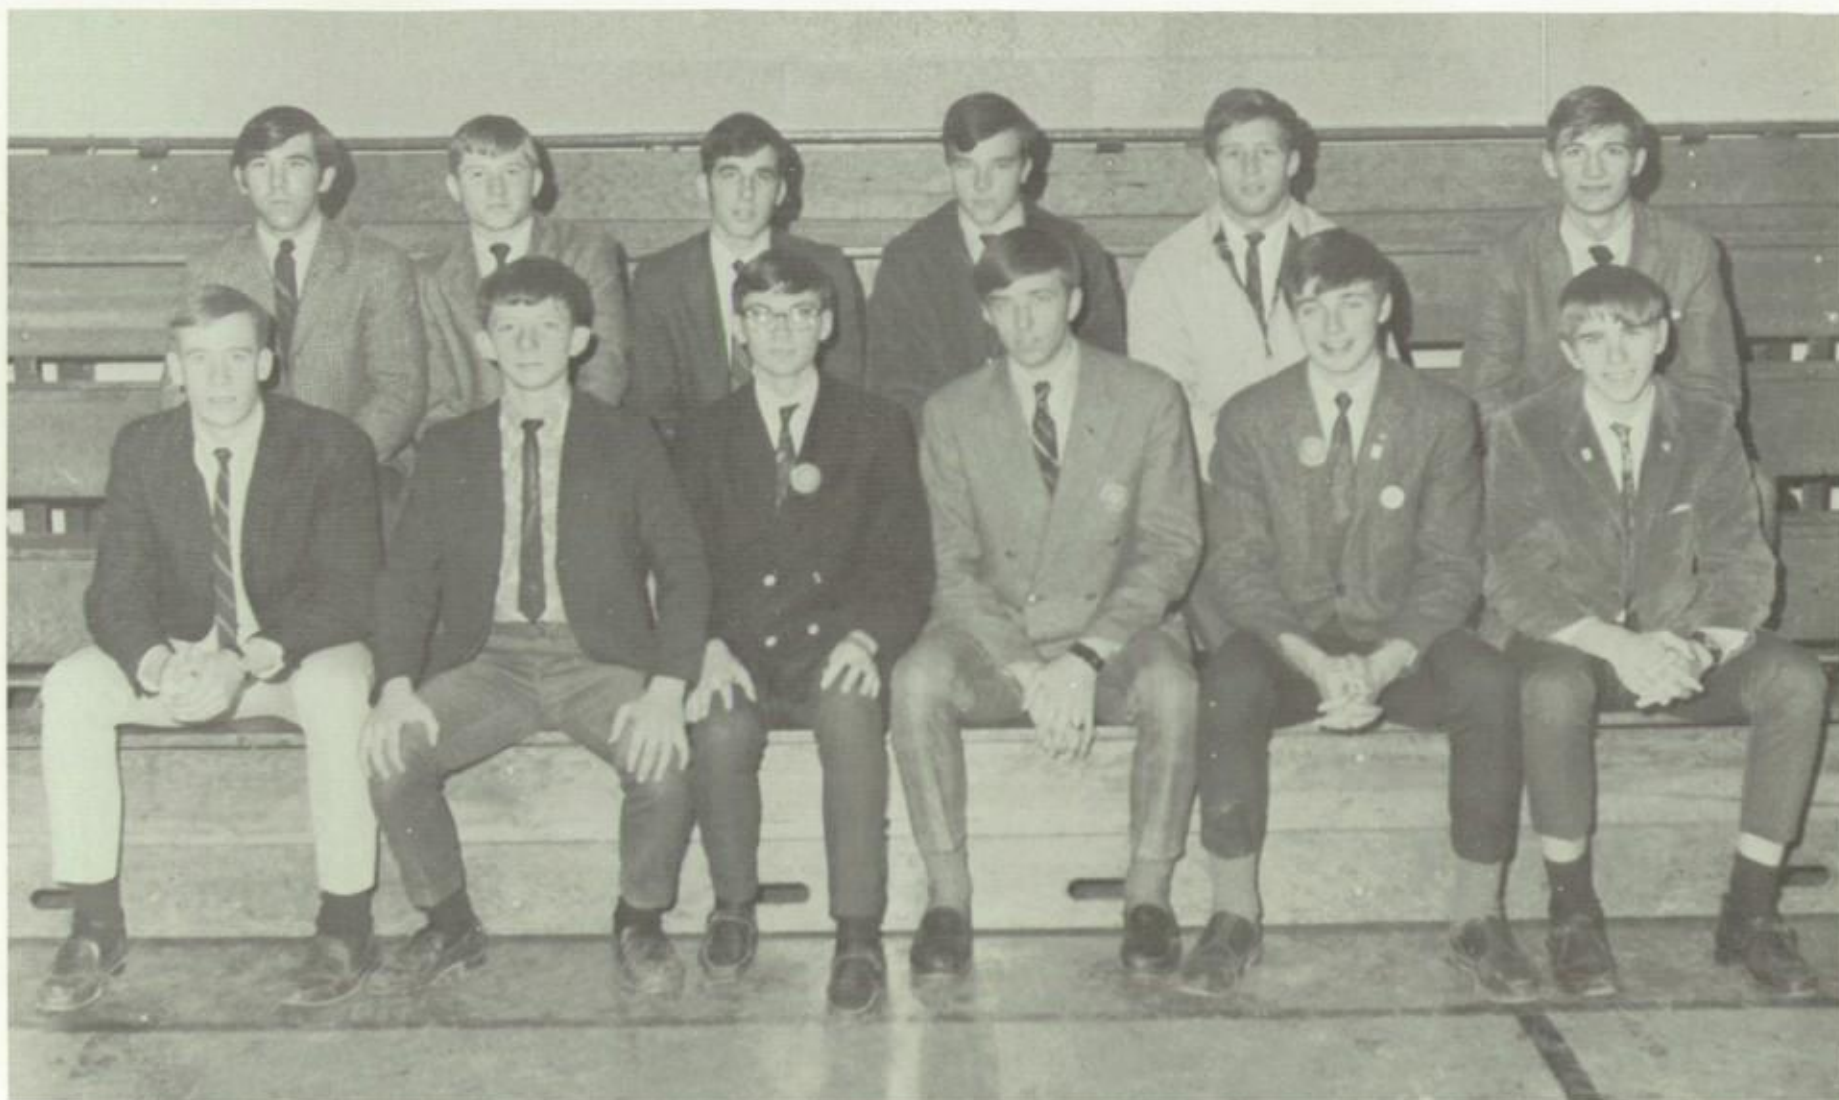

For the second straight year, Mindszenty has fielded a golf team in the Bishop Smith Division Golf League. This fall, under Father Rossello, they concluded their season with a fine winning record of 4-3. After fourth place finish during the regular season, Monarch golfers accounted for the sixth, eighth, and ninth places in the All-Catholic. The Passafaro brothers, Jeff and Dave, held the 6th and 9th positions respectively as Captain Rich Conti fired an 81 for eighth place. Next September our golfers should find the courses more to their liking as they will lose no one by graduation. The Bowling Club, also under Father Rossello's guidance, meets each Saturday at the Columbus Club in highly spirited intramural competition. Responsible for most of the arranging this year are Ang Terese, Andy Elfman, Mike Fabritius, and Gary Pincoski. Once again individual trophies will be presented at the awards assembly in the spring.

Experience will be factor in Monarch Comeback.

Although the 1968 track season was disappointing, there was a bright side also, a fine crop of returning lettermen. The seniors constituted the major portion of these tested veterans.

Ed Giacchino, the best two-miler in Mindszenty history, will be back for the 1969 season. Seniors Kevin Burns and Dan Wolfe will handle the sprints, with Mark Gregory lending valuable support. In the medium distances, Mark Rowson and Joe Schrantz will be two of the league's best. Mike Fabrituis will handle the mile, while Tom Palcic and Eugene Pauszek are returnees in the shot put and discus.

Track team hopeful of regaining Smith League title.

Not to be overlooked are the underclassmen who came into their own last year. Mike Bohn, a junior, will take a lot of pressure from Giacchino in the two-mile. Mark Rowson's brother Terry showed he had good potential in the medium distances. Another junior, Larry Ransford, will compete in the shot put.

Leading the sophomores are Dennis Burns, Joe Dudek and Kevin O'Sullivan. Although the freshmen are usually not a factor in their first year, a good showing is expected from them this season.

It will take more than talented performers to regain the league championship. It will take drive and determination—a long-time Monarch trade mark.

Baseball team captures first league title in years

The 1968 Cardinal Mindszenty baseball team was not only the surprise of the league but the class of the league as well, compiling a 12-2 record. They not only won the Smith division championship for the first time, they also accomplished something else no other Monarch team had done: they defeated archrival Dunkirk in a hard fought 1-0 victory.

This year the Monarchs will be out to defend their title strongly armed with 10 lettermen, among them All Catholics Tom Hammond and Dan Wolfe.

Wolfe will handle most of the pitching chores, while being supported by a wealth of improved hitters.

With an experienced offensive and defensive team, Coach Muscato looks forward to another league championship and better success in the Georgetown cup playoffs.

Intramurals provide for off season competition

During the winter months, many students turn to the Intramural Program to stay in shape. Directed by Coach Muscato, the two-divisional set-up remained and again was successful. Captain Bill Dimmer of the Colts led his team to a first-place 6-2 record ousting Mark Rowson's Vikings. Good balance in the league resulted in this tight race. The first team Senior-Junior league all-stars were: Don Brisky and John Karnes of the Colts; Tom Palcic of the Giants; Mark Rowson of the Vikings, and Tom Samuelson of the Rams. The Faculty will clash with the All-Stars again this year.

Various sports attract many athletic-minded girls.

Participating in sports is fun, for through sports a girl is able to keep physically fit and learn the value of good sportsmanship. Under the direction of Sister Marjorie and Mrs. Paul Dean, an interesting variety of sports is offered to the girls. A girl has the opportunity to play on either Intramural or Varsity level playing Volleyball, Bowling, Badminton and Basketball in the diocesan league. With confidence and team spirit, the girls on the Varsity Basketball team won the diocesan league title for the first time in the history of Girls' Sports at C.M.H.S.

Sophomores often wonder if it is all work and no play.

Seeds of higher education gain deeper roots . . . a limb of unity . . . of spirit . . . a greater focus of life, and sophomores burst forth. After mastering the busy schedules, learning about Mindszenty, its functions and people . . . much remains to be discovered and undertaken. Biology, World History . . . Math 10 . . . an academically packed year leaves little room for an overflowing social life, yet willing hearts . . . eager minds plow through and produce a time for social activities. Seeking bigger . . . better results, the sophomores present their class dance . . . class parties . . . athletes come on stronger and provide hope for the future . . . fears are overcome and leaders emerge. Young adults steeped in high ideals . . . enthusiasm . . . joy of living . . . discovering for us . . . Mindszenty Sophomores.

Juniors Lead An Active Life At C.M.H.S.

Add sophomores bubbling with enthusiasm plus a yearning for progression . . . mix in well two years of fears, joys, and embedded spirit and willingness to conquer . . . then you will have the basic ingredients of a 3rd year monarch.

Now upperclassmen are witnessing a discovery, a discovery of themselves. Plans, anxious expectations of a long awaited well deserved Junior Day, the symbol of a greater unity . . . class rings, all are major steps in the scaling of their high school career. Consultations of officers . . . the class dwells on ideals and emerges with a unique theme; this is the year of all their years to be dealt with cautiously . . . they'll long cherish, never erase the memory of . . . Junior Prom.

These basic ingredients, individualistic yet unified, mold our 3rd year monarch.

"People" Are Discovered Through Monarch Life.

In the student life at C.M.H.S. we have meeting, acceptance, and security—we share with people and grow with them . . . we belong! We come to discover *who* they are; to promote the possibility of being friends. Our minds are open . . . our eyes are no longer blind . . . nor are our hearts!

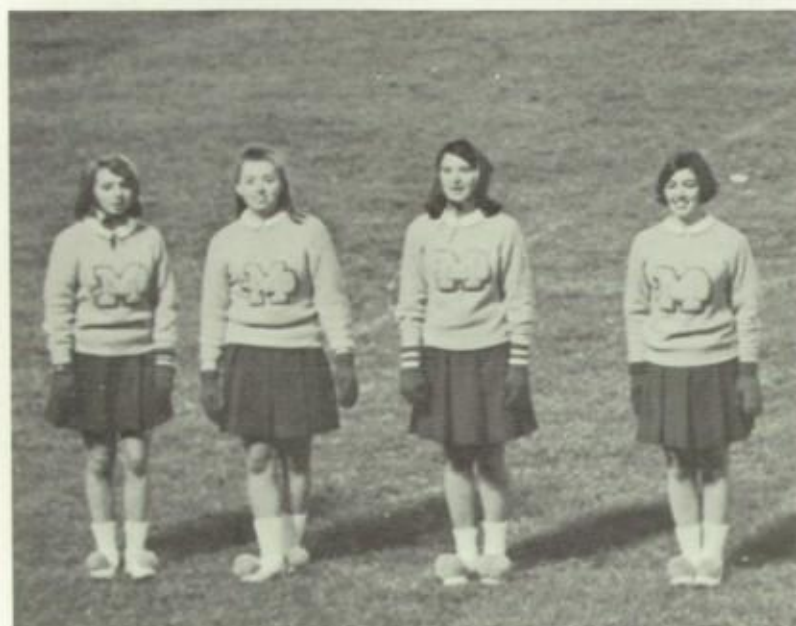

In our journey of discovery we will meet people, starving for kindness . . . for acceptance . . . starving for the confidence to overcome mistrust of themselves, of others . . . of everything. Our student life challenges us to go out from here and find people . . . to help them to come ALIVE . . . TO DISCOVER!

Cheerleaders Ignite School Spirit and Pride.

The moving spirit of Monarchs this year was sparked by the enthusiasm of our cheerleaders. Braving the elements, they led the movement for triumph again and again. No one could help but rejoice over the making of that crucial touchdown or all-important foul shot with the elated yelling of our cheerleaders. But it didn't end there! Signs made by the cheerleaders and Pep Club sewed the first seeds of spirit. This year's spirit-stimulators are under Sister Caroline Marie's guidance. They are: Captain Joan Palcic, Co-captain Mary Ambrose, Romaine Renwick, Becky Smith, Terry Tederous, Wendy Schoos, Carole Ransford, Ann Phelps and substitutes Molly Madigan, Barb Ronan, and Phil Leone, and jayvee's: Mary Beth Negro, Mary Ann Samuelson, Karen Mucha, Betty Wolozyn, Roberta Draggett, Carol Godina, Pam Mackowiak, Rosie Scott and subs Cathy Dougherty and Debbie Zboch.

Students Discover The Magnetism Of The Dramatic Stage.

Pete Williams' "Oh, Promise Me!" was presented to pleased audiences this year as the production of the Drama Club. This year's play discovered the talents of Marie Czarnecki, Mark Gregory, Debbie Jusko, Bill Dimmer, Lesley Lombardo, Debbie Letersky, Pauline Burbee, Larry Nichols, Chris Slominski, Mike Sheehan, Molly Madigan and Darlene Tworek. Supervising this superb comedy was the Reverend James L. Breitnauer and his able student director, Linda Blazejewicz. Not to be forgotten was the work of production manager Mike Fiebelkorn; make-up—Debbie Draggett, Rita Tederous, Colleen Carey, Marcy Maslakowski, Lorraine Szydlo, Marilyn Pantano; usherettes—Lucia Dombrowski, JoAnne Thomas and Ann Wheeler.

Halftime Provides an Outlet for Majorette Talent

The time: Halftime; the place: an empty football field; the stage is set and thus begins an incomparable performance of the majorettes accompanied by the band.

Led by the head majorettes Marcy Maslakowski and Rita Tederous and the assistant majorettes Sue Burgstrom, June Franklin and Janet Zajas, the twirlers have provided an added interest to football games, parades, and concerts. In addition to their baton routine, the Mindszenty majorettes developed a pom-pom routine. The other members of this hard-working unit are: Donna Ranus, Peggy Rozumalski, Anne Gaura, Patty Gornikiewicz, Gloria Latos, Sue Buck, Peggy Burke, Kathy Nolan, Peggy Weakly, Pam Tworek, Jean Centner, and Cathy Fijal.

Annual Musical Termed Tremendous Success

An established tradition at Cardinal Mindszenty High School is the annual Mindszenty Musical. Last year's "And Love Caught Us in a Royal Flush(?)" was acclaimed a success.

Mark Gregory and Tom Murray starred as the prince and his valet; Kathy McGraw and Fran Dolce portrayed the princess and her maid. Joan Palcic and Carl Scaglione played the bewildered parents. An original play written by Father James Breitnauer, "And Love . . ." combined precision dancing, practiced singing, and perfected acting to make a Musical that every student could take pride in. Some of the songs in the three-night presentation required encores. "Up, Up, and Away" and "To Life" were just two of them. The "Matchmaker" chorus was also favored.

The students themselves aided Father Robert Nesslin and Father Breitnauer in directing the Musical. They were: Chuck Dudek, Chet Gawronski, Pat Kelly, Tom Murray, Joan Palcic, and Pat Pantano. Staging directors were: Mark Gregory, Romaine Renwick, Mary Hurley, Carl Scaglione, and Lynne Murtaugh. Joyce Nowak acted as head choreographer; Mary Ambrose and Carole Ransford were her assistants.

Homecoming '68 Will Be Remembered as An Eventful Experience

Homecoming found the students at Cardinal Mindszenty High School at their peak of spirit during the second week of November. The hectic week began on Monday, with the nominations for the queen and her court. Tuesday, the results were revealed and on Wednesday the underclassmen voted for their court members. Thursday introduced the Homecoming Weekend as the entire school voted for the queen. That night was the traditional bonfire, sponsored by the Junior class. It sparked the enthusiasm of the Mighty Monarchs.

At the Homecoming Dance on Friday night the court members and the queen were announced. Representing the freshman class was Anne Wisniewski; the sophomores chose Michelle Falco; and the juniors selected Cindy Poland. The queen was Peggy Kelly with seniors Mary Ann Ronan, Theresa Carreras, and Sue Worosz as court members.

This year's float parade was a little different. Instead of the usual class floats, students formed small groups to make their own entry. Led by the band, the parade enjoyed a multitude of floats and signs. The senior girls' "Dunkirk Eater" was recognized as the winner.

Spirits ran high as halftime activities included a performance by the majorettes and band, presentations of the queen and her court, and the naming of Carl Nasca as recipient of the WDOE leadership trophy.

Spirit Helped Spark All-important Victory.

Les Stoye from radio station WDOE also awarded a leadership trophy to Dave Crisone of Dunkirk High School and to Dave Coon of Fredonia High School.

The Homecoming game was played on the Mindszenty field. All the other home games were played on Dunkirk's field. However, officials felt that the reseeded field could stand the strain of the typical hard-knocks suffered in a Dunkirk-Mindszenty game.

Special buttons were designed and made for the Homecoming of the Mighty Monarchs. They were purple with gold lettering and proudly proclaimed that the Mindszenty Monarch would be coming home on Nov. 9, 1968.

Upper left: Three sportsmen are given recognition for their talents. *Upper right:* J.V. Cheerleaders display spirit at the bonfire. *Lower right:* Senior members of the court are shown in the Homecoming parade.

Volunteer Services Emphasize Student Generosity.

Behind every successful school day, there are the silent workers that keep Cardinal Mindszenty running smoothly. Students do many small, but significant jobs before, during, and after school. Taking care of the Bookstore are: Leo Jones and Brian O'Sullivan. They donate their time and effort every day before and after school. Gene Pauszek can be found keeping the gym and cafeteria in tip-top shape. During basketball games, some of the male Monarchs work as the scorekeeper, timekeeper, announcer, and statistician. Meanwhile, the female Monarchs check coats and work in the refreshment stand. At each of the three lunch periods, eight young people work in the kitchen aiding our tireless cooks. Working in the office while Mrs. Karnes is at lunch are more volunteers.

It is hard to put into words the thanks these many volunteers deserve. They willingly offer their services to make Cardinal Mindszenty the well-organized school that it is.

At The Junior Prom.

"The Old South" rose again in the Junior Prom. Preparation marked days and nights of fun-filled work. Through the excitement, tension stirred and anticipation reached an incredible height.

The decoration committee made elaborate props. The refreshments committee concocted dainty tidbits. A wave of last minute details . . . gowns carefully chosen . . . tuxedos fitted . . . and completed decorations set up for the memorable event.

At last it arrived in full glory and splendor . . . the product of weeks of class unity, desire and discovery . . . Junior Prom.

An intangible atmosphere enveloped the heart throbbing crowd as they danced to the old favorite tunes . . . pictures were snapped and the night passed swiftly, leaving only warm memories to be shared at parties following a wonderful night.

Seniors Discovery Life Through New Experiences

Our years at Cardinal Mindszenty are nearing home stretch. We've had both good and bad times . . . All of which will make us grow spiritually, to be bigger and better people. It is hard for us to express all the thoughts . . . events . . . and emotions we have shared together as a class.

To mention one or two events only brings to mind hundreds of others . . . and in all fairness, if one was mentioned, *all* should be. Every time we were together as a class . . . it was the "best time". One thing that cannot be emphasized enough . . . the fact that our years at Cardinal Mindszenty have been filled with many new discoveries . . . knowledge, teachers, friends, and perhaps for some of us . . . Love . . . it is found in unexpected places . . . it is there in the quiet moments when we first discover a beautiful thing . . . Our discoveries have been, to say the least . . . an important stage in our change from youth—to adulthood. Look toward the sun . . . with an optimistic viewpoint and above all . . . live life to the fullest and . . . discover!

Merchants Generously Support Patron Drive

Top Left: Betty Wolosyn appears confident in what she will do with her check for third prize as she receives it from Mrs. Lorreta Weber, asst. mgr. of Jaynes. *Top Right:* For the second time, Joseph Dolce won first prize in the patron drive. Mr. Levy of Leed's Jewelers is shown handing the \$50.00 check to Joe. *Bottom Left:* Mr. Bergen from Town & Country gladly extends the second prize check for the drive to Larry LaBarbera.

Monarchs always project a fresh zeal for living!

And so ends our journey into the land of discovery . . . but the adventures must never end. For there is always something to be had from the world and there is always something more we can give to the world—for the best gift you can give is yourself.

With realization, appreciation . . . perhaps of a friendship based on trust, respect and love . . . a fresh zeal for living, for loving, for sharing . . . a new love of mankind, a unique understanding . . . we have the ability to conquer all.

Look towards the sun . . . with an optimistic viewpoint and above all . . . live life to the fullest and . . . DISCOVER!

Monarch spirit fires seniors to face discovery!!

Those Were The Days . . . My Friends . . .
